**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:** Causes eye irritation. May be fatal if swallowed or absorbed through skin. Avoid contact with skin and eyes. Wash thoroughly with water after use. Do not breathe dust or fumes.

**FIRST AID:** If swallowed, drink water. If inhaled, get fresh air. If on skin, wash with soap and water. If in eyes, flush with cold water for at least 15 minutes. Get medical attention as soon as possible. Remove and wash contaminated clothing before reuse.

**CHEMICAL HAZARDS:** Strong oxidizing agent. Do not mix with other chemicals. Contact with hot surfaces or other oxidizing agents may start a chemical reaction with generation of heat, operation of a pump or other device may cause an explosion.

**ENVIRONMENTAL HAZARDS:** Do not discharge into surface water or public waters. Permit may be required for discharge into surface water. For guidance consult applicable local, state, and federal regulations.

**SPECIAL PRECAUTIONS, PLEASE READ**

1. This product has a slow dissolving action. Do not use when the pump is running.
2. Prolonged contact between this product and its undissolved residue and wetted surfaces will result in bleaching of the color of paint, linings, etc., through the action of a preservative. Avoid contact with these surfaces.
3. When adding this product to a skimmer feeder make sure the water in the feeder is clean as a violent reaction may occur. It is always dangerous to mix chemicals.
4. Use this product as directed as per instructions. Do not use as a dry material. Do not experiment by yourself.
5. If this product is used to make a superior material, do not use when it is important to brush walls and floor to expose a gas that may be in cracks or walls that might protect from high chlorine residual. Such a product is dangerous to use. Do not use in areas of chlorine residual.
6. This product, because of its potent formulation, can be dangerous if not used properly. Do not mix with any other chemicals. This could result in a violent chemical reaction. Do not add this product in a closed container. Do not add this product to a small amount of water in a pan. When adding this product to skimmer make sure pump is on and water is circulating so that material is drawn into circulation system. Do not allow build up of dry material in skimmer as gases generated may cause an explosion.

**STORAGE AND DISPOSAL:** Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, release container in open area if possible, and flood with large amounts of water. Do not reuse empty container. Rinse empty container thoroughly with water to dissolve all material before discarding. Place in trash collection or dispose in approved landfill area or bury in a safe place.

**ORTEX**

**7 DAY SLOW DISSOLVING  
CHLORINATING TABLETS**

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**
