**Subject:** Aqua Trol Premium Grade Algacide  
**Registration No.:** 7124-56  
**Amendment Dated:** 5/3/10  
**Date Received:** 5/10/10  
**Submission #:** 876682

Mr. Visconti,

The following amendment, submitted in connection with registration under Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable as listed below:

**Proposed Amendment**

- Revise Storage and Disposal language per PR Notice 2007-4

**General Comments:**

A stamped copy of the labeling accepted with conditions is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Velma Noble PM Team 31 at (703) 308-6233 or Jamil Mixon at (703) 308-8032.

Sincerely,

Velma Noble,  
Product Manager, Team 31

# Aqua-trol™

## PREMIUM GRADE algaeicide

**ACTIVE INGREDIENTS:**  
 n-Alkyl (60% C 14, 30% C16, 5% C12, 5% C18)  
 Dimethyl Benzyl Ammonium Chlorides..... 4.98%  
 dialkyl (60% C 14, 30% C16, 5% C12, 5% C18)  
 Methyl Benzyl Ammonium Chlorides..... 0.02%  
**OTHER INGREDIENTS:**..... 95.0%  
**TOTAL:**..... 100.0%

**DANGER:**  
**KEEP OUT OF REACH OF CHILDREN**  
 See back panel for first aid and additional precautionary statements.  
**NET CONTENTS: ONE GALLON (3.785 LITERS)**

# Aqua-trol™

## PREMIUM GRADE algaeicide

### PRECAUTIONARY STATEMENTS HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

**DANGER:** Keep out of reach of children. Corrosive, cause severe eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food. Rinse empty container thoroughly with water and discard it.

#### FIRST AID:

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial

respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.  
**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA.

E.P.A. REG. NO. 7124-56  
 E.P.A. EST. NO. 7124-NJ-1

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

When this product is used as directed, it will control and inhibit the development of *Chlorella Pyrenoidosa* (Green), *Phormidium Inundatum* (Black algae), *Phormidium Retzii* (Square D Algae), *Lynoba Veriscolor* (Blue-Green) and other swimming pool algae. This product is compatible with most commonly used swimming pool chemicals, but should not be mixed with soap and other cleaners or premixed with other water-treating chemicals. This product works best when added by itself to pool water. This product at use dilution is non-corrosive to inanimate surfaces.

**INITIAL DOSE:** 2 gallons of this product to 50,000 gallons of water.

**MAINTENANCE DOSE:** 2 quarts of this product to 50,000 gallons of water.

Initial dose is used when filling pool at beginning of swimming season. If pool has visible algae growth, treat with initial dose. Vacuum pool after 24 hours to remove algae debris. If visible algae are still present or reappear, repeat this treatment procedure as necessary. When pool is free of visible algae, use the recommended maintenance dose. Maintenance dose should be added at 3-5 day

intervals. If high temperatures prevail or pool has unusually heavy use, add maintenance dose more frequently. If makeup water is added at the rate of more than 10% per week of pool capacity, add 2 quarts of this product for each 10,000 gallons of fresh makeup water added per week.

When swimming season is over, add 2 gallons of this product to 50,000 gallons of water in treating water left in pool. This dose helps provide a measure of control of algae growth during the winter months. This treatment will also help the servicing of the pool before it is returned to use the following season.

### STORAGE AND DISPOSAL

**STORAGE:** Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clean water. All pesticides should be kept out of reach of children and stored away from food.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Offer for recycling, if available, or discard in trash.

Manufactured by:  
**ALLEN LEFIS, INC.**  
 55 Jacobus Ave., Co. Kearny, NJ 07032

**ACCEPTED**  
 AUG 16 2010

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 7124-56
