spa chlor

ACCEPTED
APR 11 1990
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under
EPA Reg. No. 7124-87

**BACTERICIDE
ALGAEICIDE
DISINFECTANT**

ACTIVE INGREDIENT: Lithium Hypochlorite* 29.6%
INERT INGREDIENT: 71.4%
* Provides 3.9% Available Chlorine

**KEEP OUT OF REACH OF CHILDREN
DANGER
SEE FIRST AID STATEMENT AND OTHER
PRECAUTIONS ON SIDE PANEL
BEFORE OPENING CONTAINER**

NET WEIGHT 16 OZ. (1 LB.)

SPA WATER CARE

Effective use of all spa sanitizers depends on maintaining proper water balance. The following ranges are highly recommended.

- pH 7.4-7.8
- Total Alkalinity 125-150 ppm.
- Calcium Hardness 200-300 ppm.
- Residual Available Chlorine 2.0-3.0 ppm.
- Cyanuric Acid (Indoors) 0 ppm; (Outdoors) 30 ppm.

DIRECTIONS

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Use one quarter ounce of Spa Chlor per 250 gallons of water as an initial treatment. Repeat the procedure until a residual of 2.0 to 3.0 ppm is established. Frequent testing to determine additional doses needed to maintain the proper residual is highly recommended. Use a reliable test kit with fresh solutions for pH and chlorine testing. If a need for superchlorination arises, use one-half ounce of Spa Chlor per 250 Gallons of water. Bathers should not enter the spa until the available chlorine residual falls to 3.0 ppm. Before using the spa, shower in order to avoid adding soap, lotions, or oils from the body into the water. Do not add food or beverages to the water. Avoid overloading the spa. If the spa is used daily, it should be drained and fresh-filled about once a month.

STORAGE AND DISPOSAL

Keep this product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all materials before discarding this container. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage or disposal. Do not contaminate water when disposing of equipment washwaters.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

PRACTICAL TREATMENT: (First Aid) If swallowed: Promptly drink a large quantity of water. Do not induce vomiting. Call a physician immediately. If on skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists get medical attention. If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES permit. For guidance contact the Regional Office of EPA.

PHYSICAL AND CHEMICAL HAZARDS: STRONG OXIDIZING AGENT. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion.

SPECIAL PRECAUTIONS

PLEASE READ BEFORE OPENING CONTAINER

PREVENTION OF PHYSICAL INJURY

1. This product emits a powerful chlorine gas. Do not open container indoors. Hold away from face when opening to avoid breathing fumes.
2. This product is dangerous when not used properly.

MISUSE MAY RESULT IN SERIOUS PERSONAL INJURY REQUIRING HOSPITALIZATION

RELATED COMPLICATIONS MAY LEAD TO DEATH

- Do not mix with any other chemicals
- Mixing with other chemicals may cause a violent and instantaneous chemical reaction.
- Do not add water to this product
- Do not add this product to water in a pool
- Do not take advice from others
- Do not experiment.
- Follow label instructions exactly.

PREVENTION OF PROPERTY DAMAGE: Contact between this product in its undissolved state and vinyl liners, painted surfaces or other property in or around the pool will result in permanent bleaching of the color.
