UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

AUG 06 1992

Mr. Lawrence Epstein
Alden Leeds, Incorporated
55 Jacobus Avenue
South Kearny, N. J.   07032

Dear Mr. Epstein:

Subject: Nu Clo Poly 30
           EPA Registration No. 7124-92
           Your Amendment Dated April 15, 1992

        This is in response to your amendment to revise label for
the subject product.

        The labeling referred to above submitted in connection with
registration under the Federal Insecticide, Fungicide, and
Rodenticide Act, as amended, is acceptable subject to the following
comments:

   1. The ingestion statement should read as follows:

           "If Swallowed, drink promptly a large
           quantity of water. Do not induce vomiting.
           Avoid alcohol   Get medical attention".

   2. The heading "First Aid" should read "Practical
       Treatment (First Aid)".

        A stamped copy is enclosed for your records. Submit five
copies of the final printed label.

        If you have any questions about these comments, please call
Marianne Clark at (703) 305-7879.

                        Sincerely yours,

                        Ruth Douglas
                        Product Manager (32)
                        Antimicrobial Program Branch
                        Registration Division (H7505C)

nu·clo
Poly 30

✓ Concentrated, Non-Foaming Algaecide
✓ For pools, spas, whirlpools, hot tubs and decorative fountains
✓ Effective over broad pH range
✓ Kills black, green, mustard, and red algae

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed: Rinse mouth with copious amounts of water then drink promptly a large quantity of water. Do not induce vomiting. Avoid alcohol. Get medical attention.

If in eyes: Flush with plenty of water for 15 minutes. Get medical attention. If on skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public waters.

DIRECTIONS FOR USE

It is in violation of Federal Law to use this product in a manner inconsistent with its labeling.

POLY 30 is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs, and decorative fountains. For maximum effectiveness pools, spas, whirlpools, hot tubs and decorative fountains containing heavy growth of algae should be cleaned prior to using POLY 30.

For pools having just visible algae growth add an initial dose of 23.5 to 38.4 fluid ounces of POLY 30 per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool add initially 12.8 to 23.5 fluid ounces of POLY 30 per 10,000 gallons of water. Subsequent additions of 4.3 to 8.6 fluid ounces of POLY 30 per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs, and decorative fountains having just visible algae growth require an initial dose of 2 to 4 fluid ounces of POLY 30 per 1,000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, hot tub, or decorative fountain, add

(DIRECTIONS FOR USE CONT.)

initially 1 to 2 fluid ounces of POLY 30 per 1,000 gallons of water. Subsequent additions of 0.5 to 0.9 fluid ounces of POLY 30 Algaecide should be made every 5 to 7 days after initial treatment for maintenance.

POLY 30 is compatible with those chemicals normally used to treat pools, spas, and decorative fountains and is effective at both acid and alkaline pH. POLY 30 can be used in pools, spas, and decorative fountains treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix POLY 30 with concentrated dry or liquid chlorine products.

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clean water. All pesticides should be kept out of reach of children and stored away from food.

DISPOSAL: Do not reuse empty container. Wrap container and place in trash.   8/10
