Wheeling, IL 60090

Attention: William Buchanan

Gentlemen:

Subject: Sunnyside Penta Wood Preservative  
EPA Registration No. 7135-2  
Your Letter Dated December 7, 1984

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted.

1. The label must incorporate the comments specified in the Agency's letter addressed June 11, 1984. Disregard comments #5 and #7. Comment #2 may be addressed by replacing the side panel's heading and statement with "Directions For Use (Continued)."

Sincerely yours,

Harry M. Jacoby  
Product Manager (21)  
Fungicide-Herbicide Branch  
Registration Division (TS-767)

# PENTA (Water Repellent)

## DIRECTIONS FOR USE

*It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.*

Sunnyside Water Repellent Penta offers positive protection to lumber and millwork from damage by moisture, decay, mold and mildew, termites, powder post beetles and other wood-boring insects, and fungi that cause black and blue stain. It greatly reduces distortion, swelling, shrinking and checking of windows, doors and other millwork. Penta (Water Repellent) is an excellent primer for paints, varnishes, oil stains or enamels. Use it straight from the can for a natural wood look (may darken wood slightly), or tint it with oil-base pigments for a stained finish. Penta is recommended for outside use only and should not be used on table tops or surfaces that are frequently handled. For wood protection that is completely non-toxic when dry, use Sunnyside Clear Wood Protectant. (See additional directions on opposite side panel.)

Precautionary Statements

Hazards to Humans and Domestic Animals

CONTAINS PENTACHLOROPHENOL AND PETROLEUM DISTILLATE. Keep away from heat and open flame. Do not breathe vapor or spray mist. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Remove contaminated clothing and wash before reuse.

FIRST AID: If swallowed, do not induce vomiting. CALL PHYSICIAN IMMEDIATELY. In case of eye contact, flush thoroughly with water and get medical attention; for skin contact, wash thoroughly. If overcome by vapors, remove to fresh air and get medical attention.

ENVIRONMENTAL HAZARDS: This product is toxic to humans, domestic animals, fish and wildlife. Do not apply to any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label. Do not use treated wood inside dairy barns, silos or other structures where it may contact food, feed or livestock. Protect grass, leafy plants and vegetation from contact with Penta Wood Preservative.

Storage and Disposal

STORAGE: Store upright in original container, in locked storage. Open carefully and close after each use. Do not transfer contents to unlabeled containers. Follow disposal instructions for leaking or spilled material.

DISPOSAL: Carefully clean-up spilled material with rags or other absorbent material. Do not reuse container. Securely wrap original container and all clean-up material in several layers of newspaper and discard in trash.

Use only with adequate ventilation.

KEEP OUT OF REACH OF CHILDREN.
