APR 9 2013

SUBJECT: Algi-Cide  
EPA Registration Number: 7152-32  
Application Dated: March 7, 2013  
Receipt Date: March 11, 2013

Dear Ms. Downs:

This letter acknowledges receipt of the notification identified above submitted under the provisions of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended and PR Notice 98-10 and 40 CFR 152.46.

- To update the Precautionary Statement.
- To update the Storage and Disposal language.

Based on a review of the submitted information, this notification is acceptable. Your proposed changes will be made part of the record for this file.

**General Comments**

Should you have any questions concerning this letter, please contact Emilia Oiguenblik at (703) 347-0199 or Velma Noble at (703) 308-6233.

Sincerely,

Velma Noble  
Product Manager (31)  
Regulatory Management Branch I  
Antimicrobials Division (7510P)

**RE: Notification to Revise Product Label per PR Notice 98-10**  
**Company Name: Seaboard Industries**  
**Product Name: Algi-Cide**  
**EPA Reg. No.: 7152-32**

Dear Ms. Noble,

Technology Sciences Group Inc., on behalf of Seaboard Industries, is submitting the enclosed notification to revise the aforementioned product label. Per PR Notice 98-10, the purpose of this notification is to update the Precautionary Statement and the Storage and Disposal language on the product label to meet current Agency standards for labeling. This submission is submitted concurrently with similar notifications for the following Seaboard Industries products:

- 7152-5
- 7152-15
- 7152-21
- 7152-33
- 7152-34
- 7152-39
- 7152-65
- 7152-87
- 7152-88
- 7152-89

Please find the following documents submitted in support of this application:

- 8570-1, Application for Pesticide;
- One (1) redline version of the proposed label; and
- Three (3) clean copies of the proposed label.

---

Should you have any questions or comments, please do not hesitate to contact me directly via phone at 202-828-8992 or email: [adowns@tsgusa.com](mailto:adowns@tsgusa.com).

Sincerely,

Abigail T. Downs  
Regulatory Consultant to  
Seaboard Industries

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its label.

Algi-Cide Liquid controls the growth of microscopic plants called algae which thrive in warm, sunlit pools. It is algae that turns the water green and produces odors that make swimming unpleasant. This condition is controlled by the addition of Algi-Cide at periodic intervals throughout the swimming season to prevent algae from growing. It is important to note that small amounts of Algi-Cide added at regular intervals will do a better job for algae prevention control than large amounts added only when algae has become a nuisance.

Ensure all equipment is working properly. Backwash the filter system following manufacturer's directions. Adjust pH between 7.2 – 7.6. Check for metals and if present, add stain and scale inhibitor to prevent staining of pool surface due to metals.

**Initial Dose:** Add 1 gallon of Algi-Cide per 25,000 gallons of water. Add the product directly into the pool by pouring around the entire outside perimeter of pool. Allow filter to run for at least six (6) hours after adding product. During this period, swimmers are not allowed into the water.

If algae growth is visible, apply initial dose. Then vacuum after 24 hours to remove dead algae. If algae is still visible, repeat dose as necessary until pool is free of visible algae.

**Maintenance Dose:** Add 1 quart of Algi-Cide to 10,000 gallons of water every 3-5 days or as needed. Allow filter to run 30 minutes after adding product. During this period, swimmers are not allowed into the water.

**Booster Application:** Apply 1 quart per 10,000 gallons of water during prolonged rainfall or heavy bather loads. Allow the filter to run 30 minutes after adding product. During this period, swimmers are not allowed into the water.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration.

**Pesticide Disposal:** Pesticide wastes may be hazardous. Improper disposal of excess pesticide is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**Container Handling:** Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Place in trash or offer for recycling if available. Rinse thoroughly before recycling or wrapping in newspaper and discarding in trash.

### Optional Marketing Claims

- Outstanding Algae Growth Depressant
- A Swimming Pool Algaecide
