JUL 2 - 2014

SUBJECT: Super Algi-Cide
EPA Registration Number: 7152-32
Application Dated: April 18, 2014
Receipt Date: April 18, 2014

Dear Ms. Downs:

This letter acknowledges receipt of the amendment identified above submitted under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended.

- Label revision: Correct typographical issues.

Based on a review of the label and proposed changes submitted April 18, 2014 this amendment is acceptable. The changes to the label will be made part of the record for this file. Should you have any questions concerning this letter, please contact John Cowden at (703) 347-0259.

Sincerely,

A handwritten signature in black ink, appearing to read "V. Noble".

Velma Noble

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals.

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. May be fatal if swallowed or absorbed through the skin. Harmful if inhaled. Wear safety glasses or goggles, protective clothing, and protective gloves. Avoid breathing vapors. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame. Do not mix with soap or anionic materials

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its label.

Algi-Cide Liquid controls the growth of microscopic plants called algae which thrive in warm, sunlit pools. It is algae that turns the water green and produces odors that make swimming unpleasant. This condition is controlled by the addition of Algi-Cide at periodic intervals throughout the swimming season to prevent algae from growing. It is important to note that small amounts of Algi-Cide added at regular intervals will do a better job for algae prevention control than large amounts added only when algae has become a nuisance.

Ensure all equipment is working properly. Backwash the filter system following manufacturer's directions. Adjust pH between 7.2 – 7.6. Check for metals and if present, add stain and scale inhibitor to prevent staining of pool surface due to metals.

Initial Dose: Add 1 gallon of Algi-Cide per 25,000 gallons of water. Add the product directly into the pool by pouring around the entire outside perimeter of pool. Allow filter to run for at least six (6) hours after adding product. During this period, swimmers are not allowed into the water.

If algae growth is visible, apply initial dose. Then vacuum after 24 hours to remove dead algae. If algae is still visible, repeat dose as necessary until pool is free of visible algae.

Maintenance Dose: Add 1 quart of Algi-Cide to 10,000 gallons of water every 3-5 days or as needed. Allow filter to run 30 minutes after adding product. During this period, swimmers are not allowed into the water.

Booster Application: Apply 1 quart per 10,000 gallons of water during prolonged rainfall or heavy bather loads. Allow the filter to run 30 minutes after adding product. During this period, swimmers are not allowed into the water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration.

Pesticide Disposal: Pesticide wastes may be hazardous. Improper disposal of excess pesticide is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Place in trash or offer for recycling if available. Rinse thoroughly before recycling or wrapping in newspaper and discarding in trash.
