OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

Abigail Downs Regulatory Consultant Technology Science Group Inc. 1150 18th Street NW, Suite 1000 Washington, D.C. 20036

SUBJECT:

Super Algi-Sea

EPA Registration Number: 7152-65 Application Dated: April 18, 2014 Receipt Date: April 18, 2014

Dear Ms. Downs:

This letter acknowledges receipt of the amendment identified above submitted under the Federal-Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended.

Label revision: Correct-typographical-issues.

Based on a review of the label and proposed changes submitted April 18, 2014 this amendment is acceptable. The changes to the label will be made part of the record for this file. Should you have any questions concerning this letter, please contact John Cowden at (703) 347-0259.

Sincerely,

Velma Noble

Product Manager (31)

Regulatory Management Branch I Antimicrobials Division (7510P)

(Front Panel)

Super Algi-Sea

Swimming Pool Algaecide.

ACCEPTED

07/02/14

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 7152-65

KEEP OUT OF REACH OF CHILDREN DANGER

See back [side] panel[s] for additional precautionary statements

EPA Reg. No. 7152-65 EPA Est. No. 7152-NJ-1 Manufactured for: Seaboard Industries 185 Van Winkle Ave. Hawthorne, NJ 07506 Tel.: (201) 427-8500

FIRST AID If in eyes • Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If on skin or Take off contaminated clothing. clothing • Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice. If swallowed • Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. If inhaled Move person to fresh air. • If person if not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency assistance involving chemicals call CHEMTREC day or night at: 1-800-424-9300. NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric

lavage.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals.

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. May be fatal if swallowed or absorbed through the skin. Harmful if inhaled. Wear safety glasses or goggles, protective clothing, and protective gloves. Avoid breathing vapors. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame. Do not mix with soap or anionic materials

When Super Algi-Sea is used as directed it will kill and prevent development of *Cholera pyrenoidosa* (green algae), *Phormidium retzii* (Square C algae), *Lyroba versicolor* (bluegreen algae) and other swimming pool algae.

Super Algi-Sea is compatible with most commonly used swimming pool chemicals but should not be mixed with other water-treating chemicals. Super Algi-Sea works best when added by itself to pool water.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Ensure all equipment is working properly. Backwash the filter system following manufacturer's directions. Adjust pH between 7.2 – 7.6. Check for metals and if present, add stain and scale inhibitor to prevent staining of pool surface due to metals.

Initial Dose: Add 5 ¼ oz of Super Algi-Sea per 10,000 gallons of water. Add the product directly into the pool by pouring around the entire outside perimeter of pool. Allow filter to run for at least six (6) hours after adding product. During this period, swimmers are not allowed into the water.

If algae growth is visible, apply initial dose. Then vacuum after 24 hours to remove dead algae. If algae is still visible, repeat dose as necessary until pool is free of visible algae.

Maintenance Dose: Add 1 ½ ounces of Super Algi-Sea per 10,000 gallons of water every 3-5 days or as needed. Allow filter to run 30 minutes after adding product. During this period, swimmers are not allowed into the water.

Booster Application: Apply 1 ½ ounces per 10,000 gallons of water during prolonged rainfall or heavy bather loads. Allow the filter to run 30 minutes after adding product. During this period, swimmers are not allowed into the water.

If makeup water is added at more than 10% per week of capacity, add 6 ½ oz. of Super Algi-Sea for each 10,000 gallons of fresh makeup water added per week. Add Super Algi-Sea directly to pool water. Never mix pool chemicals together.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. Do not store on side or inverted position.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your state Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
