Antimicrobials Division (7510C)
1200 Pennsylvania Avenue, NW
Washington, D.C. 20004

EPA Reg. Number

Date of Issuance

7152-89

APR 2 2004

Term of Issuance

Conditional

Name of Pesticide Product:

Slo-Tab Technical
Trichloro-s-Triazinetrione

NOTICE OF PESTICIDE:

Reregistration
 Registration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Seaboard Industries
185 Van Winkle Avenue
Hawthorne, N.J. 07507

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 7152-89."
- b. In the "Ingredient" statement delete the word "Isocyanurates".
- c. Align the "Ingredient" statement to read:

Active Ingredient	
Trichloro-s-Triazinetrione	99.7%
Other Ingredients	0.3%
Total	100.0%

Emily Mitchell, Acting Product Manager

- d. Change the available chlorine from 90% to 91%.
- 3. The storage stability study of the product is ongoing and will be submitted separately. Results are expected upon completion of the study.
- 4. The study for the corrosion characteristics of the product is ongoing and will be submitted separately. Results are expected upon completion of the study.
- 5. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

PHYSICAL OR CHEMICAL HAZARDS: DANGER: STRONG OXIDIZING AGENT. Contact with water slowly liberates irritating and hazardous chlorine containing gases. Decomposes at temperatures above 430-480 with liberation of harmful gasses. When ignited, will burn with the evolution of chlorine and equally toxic gases. NEVER add water the product. Always add product to large quantities of water. Use clean, dry utensils. DO NOT add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic material or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases and possible fire and explosion. **IN CASE OF FIRE OR SMOKE:** Call the fire department. Do not attempt to extinguish the fire with out a self-contained breathing apparatus (SCBA). Do not let fire burn. Flood with copious amount of water. DO NOT use ABC or other dry chemical extinguishers since there is the potential for a violent reaction. **IN CASE OF CONTAINMENT OF DECOMPOSITION: DO NOT** reseal container. Follow disposal instruction on label.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

EPA Reg. No. 7152-XXX 2 2004
EPA Est. No. for the Federal Insecticide, Fungicide, and Herbicide, Not an unbranded, for the pesticide, registered under
Seaboard Industries 7152-89
185 Van Winkle Ave.
Hawthorne, NJ 07507

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling. For industrial use only. As a pesticide, this product is for repackaging and reformulating into the following endues product: Microbiocide/microbiostat, disinfectant, sanitizer, bactericide, fungicide or algaecide into end-use products intended for the following general use sites: aquatic non-food industrial, aquatic non-food residential, indoor non-food and indoor residential. Repackagers or formulators using this product are responsible for obtaining EPA registration of their formulated products. This product may be used by manufacturers of non-pesticidal products provided no pesticidal claim is made.

FIRST AID: If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow.

Do not induce vomiting unless told to do so by a poison control center or doctor. Avoid alcohol. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF EMERGENCY CALL: 1-800-424-9300
STORAGE AND DISPOSAL: Do not contaminate water food or feed by storage or disposal.

STORAGE: Keep product dry in a tightly closed container when not in use. Store in a cool, well-ventilated area away from heat and open flame.

PESTICIDAL DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous waste representative at the EPA Regional Office for guidance. The preferred disposal method is incineration or chemical treatment in accordance with Federal State and Local regulations. Do not put product, spilled product or filled or partially filled containers into the trash or waste compactor. Contact with incompatible materials could cause a reaction and fire. DONOT transport wet or damp material.

CONTAINER DISPOSAL: FIBER DRUM: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Remove and triple rinse polyethylene liner. Then dispose of liner in a sanitary landfill or by incineration as allowed by state and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
