OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Subject: Slo-Tab Technical Trichloro-S-Triazinetrione
EPA Reg.#: 7152-89
Application Date: April 18, 2014
Receipt Date: April 18, 2014

JUN 24 2014

Dear Ms. Downs:

This acknowledges the receipt of your Amendment application dated April 18, 2014 in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended.

Proposed Amendment:

Minor amendments to Precautionary Statement and update the Storage & Disposal statement for "Slo-Tab Technical Trichloro-S-Triazinetrione" product label (EPA Reg#7152-89). The proposed label dated April 18, 2014 version 2 (pin punch 05/14/14).

General Comment:

Based on the review of the material submitted, the amendment for "Slo-Tab Technical Trichloro-S-Triazinetrione" product label (EPA Reg# 7152-89) is **acceptable**.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one (1) copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

This latest amended label and a copy of this letter have been inserted in your file for future reference.

If you have any questions or comments concerning this letter, please contact David Liem by email at liem.david@epa.gov or call (703) 305-1285.

Sincerely,

Demson Fuller
Product Manager (32)
Regulatory Management Branch II
Antimicrobials Division (7510P)

FIRST AID	
If swallowed	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 – 20 minutes. • Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for further treatment advice.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency assistance involving chemicals call CHEMTREC day or night at: 1-800-424-9300.</p> <p>NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.</p>	

PRECAUTIONARY STATEMENTS
<p>Hazards to Humans and Domestic Animals.</p> <p>DANGER: Corrosive. Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.</p> <p>ENVIRONMENTAL HAZARDS</p> <p>This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.</p> <p>PHYSICAL OR CHEMICAL HAZARDS</p> <p>STRONG OXIDIZING AGENT. Contact with water slowly liberates irritating and hazardous chlorine containing gases. Decomposes at temperatures above 430- 480 with liberation of harmful gasses. When ignited, will burn with the evolution of chlorine and equally toxic gases. NEVER add water the product. Always add product to large quantities of water. Use clean, dry utensils. DO NOT add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic material or other</p>

chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases and possible fire and explosion. IN CASE OF FIRE OR SMOKE: Call the fire department. Do not attempt to extinguish the fire without a self-contained breathing apparatus (SCBA). Do not let fire burn. Flood with copious amount of water. DO NOT use ABC or other dry chemical extinguishers since there is the potential for a violent reaction. IN CASE OF CONTAINMENT OF DECOMPOSITION: DO NOT reseal container. Follow disposal instruction on label.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For industrial use only. As a pesticide, this product is for repackaging and reformulating into the following end uses product: Microbiocide/microbiostat, disinfectant, sanitizer, bactericide, fungicide or algacide into end-use products intended for the following general use sites: aquatic nonfood industrial, aquatic non-food residential, indoor nonfood and indoor residential. Repackagers or formulators using this product are responsible for obtaining EPA registration of their formulated products. This product may be used by manufacturers of non-pesticidal products provided no pesticidal claim is made.

STORAGE AND DISPOSAL

Do not contaminate food or feed by storage, disposal or cleaning of equipment.

Pesticide Storage: Keep product dry in a tightly closed container when not in use.

Store in a cool, well-ventilated area away from heat and open flame.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous waste representative at the EPA Regional Office for guidance. The preferred disposal method is incineration or chemical treatment in accordance with Federal State and Local regulations. Do not put product, spilled product or filled or partially filled containers into the trash or waste compactor. Contact with incompatible materials could cause a reaction and fire. DO NOT transport wet or damp material.

Container Disposal: FIBER DRUM: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Remove and triple rinse polyethylene liner. Then dispose of liner in a sanitary landfill or by incineration as allowed by state and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
