<p><b>NOTE:</b> Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none"> <li>1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.</li> <li>2. Make the labeling changes listed below before you release the product for shipment:             <ol style="list-style-type: none"> <li>a. Add the phrase "EPA Registration No. 7161-9."</li> <li>b. The label must give the user some indication of the duration of pest control benefit for the intended uses (e.g., doubles the service life, extends the service life several years).</li> <li>c. Under wood preservative uses delete "Fence Posts" and write a Disclaimer Statement indicating that the product is not intended for ground contact.</li> <li>d. Your final printed label must adhere to the table in 40 CFR 162.10(c)(IV) which shows the minimum type size requirements for the front panel warning statements on various sizes of labels.</li> </ol> </li> </ol> <p><input type="checkbox"/> ATTACHMENT IS APPLICABLE</p>				
SIGNATURE OF APPROVING OFFICIAL <i>Henry M. Jacoby</i>		DATE 7/11/86		

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

  
Henry M. Jacoby  
Product Manager (21)  
Fungicide-Herbicide Branch  
Registration Division (TS-767C)

Enclosures

**DIRECTIONS FOR USE**

It is in violation of Federal law to use this product in a manner inconsistent with its labeling.

**APPLICATION**

This product is a clear emulsion useful for the protection of wood against fungus growths which cause rot and stain. It contains water repellants to aid in the control of shrinking, swelling, and checking, grain raising and warping.

For best results, this product should be applied so as to effect maximum penetration into the wood and heavy absorption especially at joints, corners and grain ends. A 3 minute immersion period is recommended for millwork. For other open tank treatments, complete immersion of the wood in the solution is generally recommended for five minutes per inch of thickness. For the control of dimensional changes, shrinkage and swelling, the treatment of the end grain is most important since the moisture pick up there is a hundred to a thousand times greater than at the flat or edge grain surfaces of many species of wood.

Where open tank treating is impractical, two heavy brush applications of this product should be applied, cutting out and removing all unabsorbed wood and any visible evidence of decay. All wood should be normally dry, and the framing or cutting completed before application of this product.

Estimated Coverage: 5 to 10 gallons per thousand board feet for open tank treating; 200 square feet per gallon for brush application.

**WOOD PRESERVATIVE USES**

PROTECTS THE FOLLOWING TYPES OF WOOD: SHINGLES, MILLWORK, WINDING, DOORS, OUTSIDE FURNITURE, DECKS, SPARS, HOUSE SIDING, DOCKS, PIERS, FENCE POSTS, SLATS, STAKING MATERIAL.

**FUNGAL AND INSECT CLAIMS**

PROTECTS WOOD AGAINST MILD, MILDEW, ROT, WOOD ROT FUNGI, MILDEW STAIN AND ATTACK BY TERMITES.

**NOTE TO USER**

DO NOT APPLY OVER PAINTED OR VARNISHED SURFACES OR BARK.  
DO NOT USE ON WOOD INTENDED FOR FOOD, FEED, POTABLE WATER, LIVESTOCK OR DAIRY ANIMAL CONTACT SURFACES.  
MAY INJURE LIVING PLANTS DURING APPLICATION.  
FOR EXTRA USE ONLY

THIS PRODUCT, PROPERLY USED, WILL EXTEND THE USEFUL LIFE OF WOOD. CLIMATE, EXPOSURE, USE, AND THE TYPE AND CONDITION OF WOOD WILL INFLUENCE THE AMOUNT OF EXTENDED LIFE.

ACCEPTED with COMMENTS in EPA Letter Dated

JUL 11 1986

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

7161-19

PAINTABLE WATER REPELLENT
