U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number:
 7173-173

Date of Issuance:
 SEP 29 2008

NOTICE OF PESTICIDE:
 Registration
 Reregistration
 (under FIFRA, as amended)

Name of Pesticide Product:
 Maki Rodenticide 1.0% Dry Concentrate

Name and Address of Registrant (include ZIP Code):

Liphatech. Inc.
 3600 W. Elm Street
 Milwaukee, WI 53209

Attention: Ms. Rachel M. Callies

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Rodenticide Cluster Reregistration Eligibility Decision, EPA has reregistered the product listed above. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Generic data requirements that have been identified in the RED as confirmatory data for the active ingredient contained in the subject product will continue to be tracked and assessed in the Agency's continual reassessment of pesticides.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you submit one (1) copy of your final printed labeling, with the changes below, before you release the product for shipment:

Signature of Approving Official:

 Meredith F. Laws, Chief
 Insecticide-Rodenticide Branch
 Registration Division (7504P)

Date:
 SEP 29 2008

EPA Reg. No. 7173-173

1. In the "**Note to Physician or Veterinarian:**", change "lowered prothrombin times" to "elevated prothrombin times".
2. Under "**DANGER**", the Personal Protective Equipment (PPE) text ("All handlers ... other laundry.") for this manufacturing-use product, is optional.
3. Under "**DANGER**", change "Exposure to this product during pregnancy should be avoided." to "Avoid exposure to this product during pregnancy.", followed by "Repeated exposure to small amounts of this product can cause cumulative toxicity. Check prothrombin times of persons at risk periodically."
4. Revise your use directions as follows:

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a rodenticide for

- i. the following uses: in and around buildings, inside transport vehicles, in sewers (Norway rat, roof rat, and house mouse);
- ii. uses for which USEPA has accepted the required data and/or citation of data that the formulator has submitted in support of registration; and
- iii. Experimental Use Permits that are in compliance with the requirements of the U.S. Environmental Protection Agency.

Formulators using this product are responsible for obtaining EPA registration for their formulated product.

5. Follow Enclosure 2, "Minimum Type Sizes for Final Printed Label". Also, "Skull and Crossbones" and "POISON" must in red text.
6. Under "**STORAGE AND DISPOSAL**", revise the text for "**Pesticide Disposal**", which reflects the correct text for a Category 1 product:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

7. Under “**STORAGE AND DISPOSAL**”, revise “**Container Disposal**” to “**Container Handling**” followed by instructions for each type of container. In general, you will be adding the new text required by the “Container Regulations” (40 CFR 156.140 – .159) and explained in PRN 2007-4 to the existing container disposal instructions. Contact us if you need assistance in developing correct text. Also, all products distributed or sold in nonrefillable containers will need batch codes on the label or the container.

The acceptable Confidential Statement of Formula (CSF) for this product is dated November 13, 2002. All other versions are obsolete.

Stocks of product with existing labels may be used for eighteen (18) months.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed. If you have any questions, please contact Dan Peacock by phone (703-305-5407), or E-Mail (peacock.dan@epa.gov).

- Enclosures:
1. Stamped Label
 2. Minimum Type Sizes for Final Printed Label

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Fatal if inhaled. May be fatal if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust. Wash hands, arms and face before eating, drinking, chewing gum, using tobacco or using the toilet. All handlers, including mixers/loaders and applicators, must wear:

- long sleeve shirt and long pants,
- shoes plus socks,
- gloves,
- protective eyewear,
- a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C).

Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

Exposure to this product during pregnancy should be avoided. Repeated exposure to small amounts of this product can produce cumulative toxicity. Persons at risk should have their prothrombin times checked periodically.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

KEEP OUT OF REACH OF CHILDREN

FIRST AID

Have this label with you when obtaining treatment advice. You may also call 1-800-351-1476 for emergency medical treatment information.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Note to Physician or Veterinarian: Contains bromadiolone, an anticoagulant. For humans or dogs that have ingested this product, or have obvious poisoning symptoms (bleeding) or lowered prothrombin times, give Vitamin K₁ by intramuscular or oral administration. In severe cases, blood transfusions may be necessary. Check prothrombin time every 3 days until values return to normal.

See side panel for additional precautionary statements.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a rodenticide for the following uses:
- Norway rats, roof rats and house mice

This product may be used to formulate products for specific uses not listed on this label if the formulator, user group, or grower has complied with U.S. E.P.A. submission requirements regarding support of such uses.

For information on this product (including health concerns, medical emergencies or pesticide incidents) call the National Pesticide Telecommunications Network at 1-800-858-7378.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in original container in a cool, dry place inaccessible to children and pets.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Dispose of empty container in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY: Seller makes no warranty, expressed or implied, concerning use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of product when such use and/or handling is contrary to label instructions.
