Application for Pesticide - Section I

| | | |
|--|--|--|
| 1. Company/Product Number 7173-188 | 2. EPA Product Manager Dan Peacock | 3. Proposed Classification <input checked="" type="checkbox"/> None <input type="checkbox"/> Restricted |
| 4. Company/Product (Name) Maki Rat and Mouse Bait Packs | PM# 04 Insect/Rodent Branch | |
| 5. Name and Address of Applicant (Include ZIP Code) LIPHATECH, INC. 3600 W. Elm Street Milwaukee, WI 53209 <input type="checkbox"/> Check if this is a new address | 6. Expedited Review. In accordance with FIFRA Section 3(c)(3) (b)(i), my product is similar or identical in composition and labeling to: EPA Reg. No. _____ Product Name _____ | |

Section - II

| | | |
|---|--|-------------------------------------|
| <input type="checkbox"/> Amendment - Explain below. | <input type="checkbox"/> Final printed labels in response to Agency letter dated _____ | NOTIFICATION JUL - 7 2003 |
| <input type="checkbox"/> Resubmission in response to Agency letter dated _____ | <input type="checkbox"/> "Me Too" Application. | |
| <input checked="" type="checkbox"/> Notification - Explain below. Per PR Notice 98-10 | <input type="checkbox"/> Other - Explain below. | |

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

NOTIFICATION (per PR Notice 98-10) of: Alternate warranty wording (underlined) on distributor label. This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Section - III

| | | | |
|---|--|--|--|
| 1. Material This Product Will Be Packaged In: | | | |
| Child-Resistant Packaging <input type="checkbox"/> Yes* <input checked="" type="checkbox"/> No | Unit Packaging <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No | Water Soluble Packaging <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No | 2. Type of Container <input type="checkbox"/> Metal <input checked="" type="checkbox"/> Plastic <input type="checkbox"/> Glass <input checked="" type="checkbox"/> Paper <input type="checkbox"/> Other (Specify) _____ |
| * Certification must be submitted | | If "Yes" Unit Packaging wgt. No. per container | If "Yes" Package wgt. No. per container |
| 3. Location of Net Contents Information <input checked="" type="checkbox"/> Label <input type="checkbox"/> Container | | 4. Size(s) Retail Container | |
| | | 5. Location of Label Directions <input checked="" type="checkbox"/> On Label <input type="checkbox"/> On Labeling accompanying product | |
| 6. Manner in Which Label is Affixed to Product | | <input checked="" type="checkbox"/> Lithograph Paper glued Stenciled <input type="checkbox"/> Other _____ | |

Section - IV

PRECAUTIONARY STATEMENTS:
Hazards To Humans and Domestic Animals
CAUTION: Keep away from humans, domestic animals and pets. May be harmful or fatal if swallowed or absorbed through the skin because this material may reduce the clotting ability of blood and cause bleeding.
 Do not get in eyes, on skin, or on clothing. Wash arms, hands and face with soap and water after applying and before eating and smoking. If swallowed, call a physician at once.
NOTE TO PHYSICIAN: If ingested, administer Vitamin K, intramuscularly or orally as indicated in bis-hydroxycoumarin overdoses. Repeat as necessary based on monitoring of prothrombin times.
ENVIRONMENTAL HAZARDS:
 This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds.

DIRECTIONS FOR USE:
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
READ THIS LABEL! Read this entire label and follow all use directions and use precautions.
IMPORTANT: Do not expose children, pets or other nontarget animals to rodenticides.
 To help prevent accidents:
 1. Store product not in use in a location out of reach of children and pets.
 2. Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and children under six (6) years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even strongly bait stations are needed in areas open to hooled livestock, raccoons, bears, other potentially destructive animals, or in areas prone to vandalism.
 3. Dispose of product container, unused, spoiled, and unconsumed bait as specified on this label.

USE RESTRICTIONS:
 For control of Norway Rats, Roof Rats and House Mice.
 Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food. Do not broadcast bait.
Urban Areas: This product may be used in and around the periphery of homes, industrial, commercial and public buildings. This product may also be used in transport vehicles (ships, trains, aircraft) and related port or terminal buildings. This product may be used in alleys.
Non Urban Areas: This product may be used inside of homes and agricultural buildings.

SELECTION OF TREATMENT AREAS:
 Determine areas where rats and/or mice will most likely find and consume the bait. Generally these are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been observed. Remove as much alternative food as possible.

APPLICATION DIRECTIONS:
 The bait packs in this package contain enough bait (7.5 oz.) to kill two (2) to seven (7) rats.
RATS: Place at least 3 to 10 packs per placement. Space placements at intervals of 15 to 30 feet in infested areas. Maintain an uninterrupted supply of fresh bait for 10 days or until signs of rat activity cease.
MICE: Use one pack per bait placement. Space placements at 8 to 12 foot intervals. Maintain an uninterrupted supply of fresh bait for 15 days or until signs of mouse activity cease.
RATS and MICE: Replace contaminated or spoiled bait immediately. Collect and dispose of all dead animals and leftover bait properly. To discourage reinfestation, eliminate food, water and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of reinfestation is present, establish permanent bait stations and replenish bait as needed.

(See side panel for Storage and Disposal instructions.)

120-3102-4503

STORAGE AND DISPOSAL:
Do not contaminate water, food or feed by storage or disposal. Store in original container in locked storage area.
Storage: Store in original container in a cool, dry place inaccessible to children and pets.
Pesticide Disposal: Securely wrap access, unused or spoiled bait in several layers of newspaper and discard in trash.
Container Disposal: Do not reuse container. Wrap container securely in several layers of newspaper before discarding in trash.
KEEP AWAY FROM FOODSTUFFS!
