## PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND  
DOMESTIC ANIMALS

## CAUTION

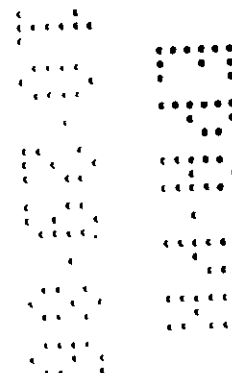

Keep away from humans, domestic animals and pets. May be harmful if swallowed or absorbed through the skin because this material may reduce the clotting ability of the blood and cause bleeding. Do not get in eyes, on skin, or on clothing. Wash arms, hands and face with soap and water after handling and before eating and smoking.

IF SWALLOWED: Call physician, Poison Control Center or Stauffer Medical Emergency Assistance (203) 226-6602 immediately.

**NOTE TO PHYSICIAN AND VETERINARIAN:** This product may reduce the clotting ability of the blood and cause bleeding. If poisoning occurs, administer Vitamin K<sub>1</sub> intramuscularly or orally, as indicated in bishydroxycoumarin overdoses. Repeat as necessary based on monitoring of prothrombin times.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS:** For control of house mice in homes, industrial buildings and commercial buildings. For indoor use only. Must be placed in locations not accessible to children, pets, or domestic animals. Do not place in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food.

**SELECTION OF TREATMENT AREAS:** Determine areas where mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been observed.

**APPLICATION DIRECTIONS - HOUSE MICE (Mus musculus):** Place bait station at intervals of 8 to 10 feet. When the bait is totally consumed or when there is no longer evidence of mouse activity, dispose of the unit.

To prevent reinfestation, eliminate food, water and harborage as much as possible. If reinfestation does occur, repeat treatment.

**STORAGE & DISPOSAL**

**STORAGE:** Store only in original container in a cool, dry place that can be locked and is out of reach of children. Keep away from foodstuffs.

**DISPOSAL:** Do not reuse empty container. If any material is tracked outside container, sweep up spilled material and wrap in several layers of newspaper and discard in trash. When the container is empty, wrap in several layers of newspaper and discard in trash.
