NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)(5) provided that you:

A. Make the following labeling changes before you release the product for shipment:

1. Add "EPA Reg. No. 7173-210" to your label.

Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION**

Keep away from children, domestic animals and pets. May be harmful or fatal if swallowed or absorbed through the skin because this material may reduce the clotting ability of blood and cause bleeding.

Do not get in eyes, on skin, or on clothing. Wash arms, hands, and face with soap and water after applying and before eating and smoking. If swallowed, call physician at once.

**NOTE TO PHYSICIAN OR VETERINARIAN:** This product may reduce the clotting ability of the blood and cause hemorrhaging. If poisoning occurs, intramuscular and oral administration of Vitamin K<sub>1</sub> is antidotal as indicated in bishydroxycoumarin overdoses. Repeated doses may need to be given for up to two weeks (based on monitoring of prothrombin times). In severe cases, blood transfusions may be necessary.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

**STORAGE AND DISPOSAL**

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

**STORAGE:** Store in original container in a cool, dry place inaccessible to children and pets.

**PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Do not reuse empty container. Wrap container and put in trash.

**KEEP AWAY FROM FOODSTUFFS**

**Warranty:** Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

AGREED WITH COMM. DIVISION OF EPA LABOR DIVISION

DEC 24 1989

Under the Federal Insecticide, Fungicide, and Rodenticide Act

7173-210

**GENERATION™  
RODENTICIDE BAIT  
DISPENSER**

Active Ingredient: 3-(3-(4'-bromo(1,1'-biphenyl)-4-yl)-1,2,3,4-tetrahydro-1-naphthylenyl)-4-hydroxy-2H-1-benzothioopyran-2-one\*.....0.0025%  
Inert Ingredients.....99.9975%  
Total: 100.0000%

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

See side panel for additional precautionary statements.

Do not use this product outdoors.

**THIS IS NOT A TAMPER RESISTANT BAIT STATION. DO NOT USE THIS PRODUCT IN AREAS ACCESSIBLE TO CHILDREN, PETS, DOMESTIC ANIMALS AND NONTARGET WILDLIFE.**

Manufactured By:  
LiphaTech, Inc.  
3101 West Custer Avenue  
Milwaukee, WI 53209

EPA Reg. No. 7173-XXX

EPA Est. No. 7173-WI-1

NET WEIGHT: 1.5 OZ. (42.5g)

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**THIS IS NOT A TAMPER RESISTANT BAIT STATION. DO NOT USE THIS PRODUCT IN AREAS ACCESSIBLE TO CHILDREN, PETS, DOMESTIC ANIMALS, AND NONTARGET WILDLIFE.**

**USE RESTRICTIONS:** For indoor use only for the control of house mice (*Mus musculus*).

**Urban areas:** This product may be used in homes, industrial, commercial and public buildings. This product may also be used in transport vehicles (ships, trains, aircraft) and related port or terminal buildings. Do not use this product in sewers or in any outdoor area.

**Nonurban areas:** This product may be used inside homes and agricultural buildings.

**SELECTION OF TREATMENT AREAS:** Determine areas where mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Use only on dry surfaces. Remove as much alternative food as possible.

**SECURING BAIT STATION:** If you desire to anchor the bait station dispenser to a smooth clean surface, remove the cover sheet from the tape anchor located on the underside of the unit. If you wish to anchor the dispenser to a surface which will not allow the tape anchor to adhere, you may remove the tape anchor and place the dispenser over a nail or other such post anchored in the surface and protruding above the surface approximately 1 inch in order to inhibit lateral movement of the unit by rodents. For more secure anchorage, a nail may be driven through the center post of the bait dispenser and into a wood or similar surface. Place station in locations as specified under APPLICATION DIRECTIONS.

**APPLICATION DIRECTIONS:** Secure or place stations at 8-12 foot intervals on level surfaces in locations where the labeling permits this product to be used. After a unit is placed for use, make the bait available to mice by holding the base of the unit with one hand and gently lifting and turning the top portion in a counterclockwise direction. Stop when resistance to further turning is encountered (after about one quarter of a revolution). Do not attempt to open the unit further. Do not open units except when they are placed ready for use. Close units before removing them for reuse or disposal. Replace units which are emptied by mice or if bait becomes spoiled. Collect and dispose of all dead animals and leftover bait properly. To prevent reinfestation, limit sources of rodent food, water and harborage as much as possible.
