OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

August 17, 2016

Katie Swift Liphatech, Inc. 3600 W. Elm Street Milwaukee, WI 52309

Subject: Label Amendment – To revise the respirator language per the post-1995 NIOSH

designations; other minor changes

Product Name: Rozol Rodenticide 2% Dry Concentrate

EPA Registration Number: 7173-219 Application Date: May 16, 2016

Decision Number: 518181

Dear Ms. Swift:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Rozol® Rodenticide 2% Dry Concentrate A Rodenticide for Formulating Other Registered Products

ACCEPTED

08/17/2016

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under

EPA Reg. No. 7173-219

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Fatal if inhaled. May be fatal if swallowed or absorbed through the skin. Do not breathe dust. Do not get in eyes, on skin or on clothing. Wear a NIOSH-approved particulate respirator with any N, R, or P filter with NIOSH approval prefix TC-84A, eye goggles and rubber gloves when handling this product. Wash hands, arms and face before eating, drinking, chewing gum, using tobacco or using the toilet. Avoid exposure to this product during pregnancy. Repeated exposure to small amounts of this product can produce cumulative toxicity. Check prothrombin times of persons at risk periodically. **FIRST AID:** Have this label with you when obtaining treatment advice. For information on this product (including health concerns, medical emergencies or pesticide incidents) call the National Pesticide Information Center at 1-800-858-7378.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

TREATMENT FOR PET POISONING: If animal eats powder, call veterinarian at once.

NOTE TO PHYSICIAN OR VETERINARIAN: Contains the anticoagulant chlorophacinone. If swallowed, this material may reduce the clotting ability of blood and cause bleeding. For humans or animals ingesting powder and/or showing obvious poisoning symptoms (bleeding or prolonged prothrombin times), give Vitamin K₁ intramuscularly or orally. Repeat as necessary based on monitoring of prothrombin times.

See side panel for additional precautionary statements.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Only for formulation into a rodenticide for the following uses:

- 1. In and around buildings, inside transport vehicles, and in sewers (Norway rat, roof rat, and house mouse);
- Uses for which U.S.EPA has accepted the required data and/or citation of data that the formulator has submitted in support of registration; and
- 3. Experimental Use Permits that are in compliance with the requirements of the U.S. EPA. Formulators using this product are responsible for obtaining EPA registration for their formulated product.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Store in original container in a cool, dry, locked storage area inaccessible to children and pets.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest E.P.A. Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Completely empty container by shaking and tapping sides and bottom to loosen clinging particles. Empty the residue into manufacturing equipment and dispose of empty container in a sanitary landfill.

WARRANTY: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of product when such use and/or handling is contrary to label instructions. (081616)
