MAR 04 2010

Dear Ms. Callies:

Subject: Labeling Amendment to Difethialone 0.5% Dry Concentrate
EPA Registration No. 7173-224
Submission Date: December 1, 2009

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. This product is in full compliance with the Agency's revised May 28, 2008 "*Risk Mitigation Decision for Ten Rodenticides.*" Should you wish to add/retain a reference to the company's website on your label, please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act. A stamped copy is enclosed for your records. Please submit one (1) final printed copy for the above mentioned label before releasing the product for shipment. If you have any questions regarding this label, please contact Jennifer Gaines at (703) 305-5967.

Sincerely yours,

Kable Bo Davis
Acting Product Manager (07)
Insecticide-Rodenticide Branch
Registration Division (7505P)

Active Ingredient: difethialone.....	0.5%
Other Ingredients.....	<u>99.5%</u>
Total.....	100.0%

KEEP OUT OF REACH OF CHILDREN

**DANGER
POISON**

FIRST AID

Have this label with you when obtaining treatment advice. For information on this product (including health concerns, medical emergencies or pesticide incidents) call the National Pesticide Information Center at 1-800-858-7378.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: If swallowed or absorbed through the skin, this material may reduce the clotting ability of the blood and cause bleeding. If ingested, administer Vitamin K₁ intramuscularly or orally. Repeat as necessary based on monitoring of prothrombin times. In severe cases, blood transfusions may be necessary.

TREATMENT FOR PET POISONING: If animal eats bait, call veterinarian at once.

NOTE TO VETERINARIAN: Anticoagulant Difethialone: For animals ingesting bait and/or showing poison signs, (bleeding or prolonged prothrombin times), give Vitamin K₁. If needed, check prothrombin times every 3 days until values return to normal, (up to 30 days.) In severe cases, blood transfusions may be necessary.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Fatal if inhaled. May be fatal if swallowed. Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Do not breathe dust. Wear a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C), eye goggles and rubber gloves when handling this product. Wash hands, arms and face before eating, drinking, chewing gum, using tobacco or using the toilet. Avoid exposure to this product during pregnancy. Repeated exposure to small amounts of this product can produce cumulative toxicity. Check prothrombin times of persons at risk periodically.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to fish and wildlife. Dogs and predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a rodenticide for the following uses:

- 1. A Rodenticide for Formulating Other Registered Products for the following sites: In and Around Agricultural, Commercial, Residential Buildings and Transport Vehicles and In Sewers
- 2. Uses for which U.S. EPA has accepted the required data and/or citation of data that the formulator has submitted in support of registration, and
- 3. Experimental Use Permits that are in compliance with the requirements of the U.S. Environmental Protection Agency.

This product may be used to formulate products for any additional uses not listed on this label if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding support of such uses.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container in a cool, dry, locked storage area inaccessible to children and pets.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal or excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest E.P.A. Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or fill this container.

Paper and Plastic Containers: Completely empty plastic liner by shaking and tapping sides and bottom to loosen clinging particles. Empty the residue into manufacturing equipment and dispose of the liner in a sanitary landfill or by incineration, if allowed by state and local authorities. Offer for recycling if available or dispose of empty container in a sanitary landfill, or by incineration.

WARRANTY: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of product when such use and/or handling is contrary to label instructions.
