Notice of Reregistration (continued)
EPA Reg No 7173-303

- A Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data
- B within 15 months of registration submit the following confirmatory product specific chemistry data for this product
 - a Storage Stability Data (830 6317)
 - b Corrosion Characteristics Data (830 6320)
- C Make the following label changes before you release the product for shipment
 - 1 revise your registration number to EPA Reg No 7173-303 and
 - 2 follow the Minimum Type Sizes for Final Printed Label enclosure
- D Per 40 CFR 156 10(a)(6) submit one copy of your final printed labeling before you release the product for shipment

A copy of your label stamped Accepted is enclosed for your records

Reference to Website on Label

Should you wish to add a reference to the company's website on your label please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156 10(a)(5) list examples of statements EPA may consider false or misleading. In addition **regardless of whether a website is referenced on your product's label** claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Confidential Statement of Formula

The acceptable Confidential Statement of Formula (CSF) for this product is dated September 14 2012 (Basic Formulation). All other versions are obsolete.

With the above revisions this product is in full compliance with the Agency's revised May 28 2008 *Risk Mitigation Decision for Ten Rodenticides* and is consistent with the 1998 Rodenticide Cluster Reregistration Eligibility Decision (RED) document.

Page 3

If these conditions are not complied with the registration will be subject to cancellation in accordance with FIFRA section 6(e) Your release for shipment of the product constitutes acceptance of these conditions

If you have any questions or comments regarding this letter please contact Mr Dan Peacock by phone (703 305-5407) or e-mail (peacock dan@epa gov)

WARRANTY To the extent consistent with applicable law seller makes no warranty expressed or implied concerning the use of this product other than indicated on the label Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions

ALTERNATE WARRANTY STATEMENTS

To the extent consistent with applicable law buyer assumes all responsibility for safety and use not in accordance with directions

DIRECTIONS FOR USE It is a violation of Federal law to use this product in a manner inconsistent with its labeling

READ THIS LABEL and follow all use directions and use precautions Use only for the sites pests and application methods described on this label

USE RESTRICTIONS This bait station may be used in indoor areas accessible to children consistent with all use restrictions and other requirements indicated on this label **DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO PETS** This product may only be used to control house mice inside homes For use in non food/non feed areas Do not contaminate human or pet food preparation items or areas Do not place near or inside ventilation duct openings

Selection of Treatment Areas Determine areas where mice will most likely find and consume bait Generally these are along walls by gnawed openings in corners and concealed places between floors or walls or in locations where house mice or their signs have been seen Remove as much alternative food as possible

APPLICATION DIRECTIONS

- 1 Clean up Eliminate possible rodent food sources Store food in sealed containers and sweep up food spills
- 2 Select Areas for Placement Focus on areas where rodents have been active generally along walls between floors or wall inside cabinets under appliances in basements attics or garages Be sure to place out of reach of pets
- 3 Bait Station Remove bait station from package and place station in horizontal or vertical position against wall with both entrances exposed When using multiple bait stations space them 8 to 12 feet apart
- 4 Dispose Maintain a constant supply of fresh bait for 15 days or until signs of mouse activity cease See refill instructions on how to refill bait station When rodents are eliminated wear waterproof gloves to collect and dispose of all visible dead animals and remaining bait
- 5 Prevent To prevent another infestation limit sources of rodent food and water as much as possible

Refill Instructions

- 1 Insert key in hole on top of the bait station and turn the key 90
- 2 Lift lid and remove the key
- 3 Place a fresh bait block onto each of the two pegs in the square bait compartments
- 4 Close the lid until it snaps making certain that station is locked
