Subject: Notification per PRN 98-10 – To add optional graphics to the label
Product Name: Rozol Mini Block 0803 Refillable Bait Station
EPA Registration Number: 7173-303
Application Date: February 2, 2018
Decision Number: 538330

Dear Ms. Paavola:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Gene Benbow at 703-347-0235 or via email at Benbow.Gene@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Gene Benbow".

Gene Benbow, Product Manager 7
Invertebrate & Vertebrate Branch 3
Registration Division (7505P)
Office of Pesticide Programs

NOTIFICATION

7173-303

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

PRECAUTIONARY STATEMENTS
Hazard to Humans and Domestic Animals

CAUTION: Harmful if swallowed, absorbed through the skin, or inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Avoid breathing dust. Keep away from children, domestic animals and pets. Any person who reloads bait into the station, retrieves carcasses or unused bait following application of this product must wear water-proof gloves. Wash hands thoroughly immediately after such activities.

FIRST AID

Have this label with you when obtaining treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor immediately for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor immediately for treatment advice.

Treatment for Pet Poisoning: If animal eats bait, call veterinarian at once.

Note to Physician or Veterinarian: Contains the anticoagulant chlorophacinone. If swallowed, this material may reduce the clotting ability of blood and cause bleeding. For humans or dogs that have ingested this product, or have obvious poisoning symptoms (bleeding) or prolonged prothrombin times, give Vitamin K₁ by intramuscular or oral administration.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to mammals and birds. Dogs, cats and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten the bait.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide storage: Store only in original container, in a dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

Pesticide Disposal and Container Handling: Nonrefillable container. Do not reuse or refill this container except as described in the directions for use.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

ALTERNATE WARRANTY STATEMENTS:

To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL and follow all use directions and use precautions. Use only for the sites, pests and application methods described on this label.

USE RESTRICTIONS: This bait station may be used in indoor areas accessible to children, consistent with all use restrictions and other requirements indicated on this label. **DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO PETS.** This product may only be used to control house mice inside homes. For use in non-food/non-feed areas. Do not contaminate human or pet food preparation items or areas. Do not place near or inside ventilation duct openings.

Selection of Treatment Areas: Determine areas where mice will most likely find and consume bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, between floors or walls, or in locations where house mice or their signs have been seen. Remove as much alternative food as possible.

APPLICATION DIRECTIONS:

1. Clean up: Eliminate possible rodent food sources. Store food in sealed containers and sweep up food spills.
2. Select Areas for Placement: Focus on areas where rodents have been active - generally along walls, between floors or wall, inside cabinets, under appliances, in basements, attics or garages. Be sure to place out of reach of pets.
3. Bait Station: Remove bait station from package and place station in horizontal or vertical position against wall with both entrances exposed. When using multiple bait stations, space them 8 to 12 feet apart.
4. Dispose: Maintain a constant supply of fresh bait for 15 days or until signs of mouse activity cease. See refill instructions on how to refill bait station. When rodents are eliminated, wear waterproof gloves to collect and dispose of all visible dead animals and remaining bait.
5. Prevent: To prevent another infestation, limit sources of rodent food and water as much as possible.

Refill Instructions:

1. Insert key in hole on top of the bait station and turn the key 90°.
2. Lift lid and remove the key.
3. Place a fresh bait block onto each of the two pegs in the square bait compartments.
4. Close the lid until it snaps, making certain that station is locked.

Label on bait station:

Rozol Mini Block 0803 Refillable Bait Station
