Sanitizer • Disinfectant • Deodorizer

Butcher's Probe Germicide Cleaner is a perfectly balanced formula that effectively cleans and disinfects in a single operation. It provides the required germicidal action plus thorough cleaning at all recommended dilutions. Probe is recommended for use in hospital, nursing homes, and any medical facility.

HOW TO USE For disinfecting and cleaning floors: use 1 oz. of Probe per gallon of water. Apply with a clean cotton mop. Rinse clean. For disinfecting and cleaning walls: use 1 oz. of Probe per gallon of water. Sponge on. Rinse clean.

For deodorizing and heavy cleaning: use 4 oz. of Probe per gallon of water.

Rinse empty container thoroughly with water before discarding or returning drum to drum conditioner.
