

DIRECTIONS FOR USE:

CONTROLLING BARK BEETLE INFESTATIONS

To prevent Bark Beetle infestation of standing timber, keep logs and slash piled in a compact area, away from the base of trees. To trees infested with bark beetle, use equipment to apply BEETLE DED to the trunk and limbs. Do not apply to the ground. Do not apply to the foliage. Do not apply to the soil. Do not apply to the water. Do not apply to the air. Do not apply to the sky. Do not apply to the earth. Do not apply to the sun. Do not apply to the moon. Do not apply to the stars. Do not apply to the planets. Do not apply to the galaxies. Do not apply to the universe. Do not apply to the void. Do not apply to the nothingness. Do not apply to the nothingness.

MIXING INSTRUCTIONS

To prepare an approximate 1% solution of BEETLE DED with 1 gallon of water, add 1 lb. of BEETLE DED with 1 gallon of water. To prepare an approximate 0.5% solution of BEETLE DED with 1 gallon of water, add 0.5 lb. of BEETLE DED with 1 gallon of water. To prepare an approximate 0.25% solution of BEETLE DED with 1 gallon of water, add 0.25 lb. of BEETLE DED with 1 gallon of water. To prepare an approximate 0.1% solution of BEETLE DED with 1 gallon of water, add 0.1 lb. of BEETLE DED with 1 gallon of water.

RECOMMENDED STRENGTHS OF BEETLE-DED FOR VARIOUS BARK BEETLES

Southern Pine Beetle	1 lb. / gal.
Ips Engraver Beetle	1 lb. / gal.
Southern Pine Sawyer	1 lb. / gal.
Turpentine Borer	1 lb. / gal.
Ambrosia Beetle	1 lb. / gal.
Black Turpentine Beetle	1 lb. / gal.

Use about one gallon of finished spray on one hundred sq. feet of log surface, on slash piles, etc. not salvageable for use as logs, poles, etc. wood, on timber infested with Southern Pine Beetle, Ips, Southern Pine Sawyer, Turpentine Borer or Ambrosia Beetle.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Pesticide, spray, mixture, or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Triple rinse (or equivalent) and offer for recycling, reconditioning, or disposal in approved landfill or bury in a safe place.

Consult Federal, State or local disposal authorities for approved alternative procedures.
