UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

JAN 29 1998

Wood Protection Products, Inc.
650 State Street
Charlotte, N.C. 28208

Attention: Mr. James C. Buchacker
Chemist - Wood Protection Products, Inc.

Subject: Forpen-50
EPA Registration Number 7234-57
Your Letter Dated December 18, 1997

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

1. In EPA letter dated May 30, 1997, comments #1 and #3, you were told to add the "Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless and in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and that the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing the product to sewer systems without previously notifying a local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA". "This statement must be included on your labeling, immediately below the environmental hazard statement."

2. Under the heading "Directions for Use" add the statement; "This product is intended for exterior use and above ground use."

STATEMENT OF PRACTICAL TREATMENTS

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF IN EYES: Flush with plenty of water. Get medical attention.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF INHALED: Remove victim to fresh air. Get medical attention.

NOTE TO PHYSICIAN: This product is a metabolic stimulant. Treatment is supportive. Forced diuresis may be effective to reduce total body burden. Treat hyperthermia with physical measures. Do not administer aspirin, phenothiazines, or atropine since they may enhance toxicity.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame. Close container after each use.

The registrant has complied with all terms and conditions of the registration governing the composition of this product as approved by the United States Environmental Protection Agency under section 3 of the Federal Insecticide, Fungicide, and Rodenticide Act. The use of this product for any purpose other than those stated on the label, including use of this product in the manufacture or formulation of other pesticide products or in repackaging of the product, is prohibited.

DIRECTIONS FOR USE

It is violation of federal law to use this product in a manner inconsistent with its labeling.

To make a ready-to-use solution for wood preservation mix this concentrate with a diluent petroleum solvent. This product mixes easily with solvents such as kerosene, fuel oil, mineral spirits, or other petroleum distillates. Final mixture of this product will depend on the density of the diluent oil. Solutions containing pentachlorophenol in ranges of 5% to 40% have been used successfully in treating wood to extend its useful service life. Wood products treated with correct amounts of pentachlorophenol will be protected against fungal attack, termites, stain and other decay organisms.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Storage of this product in unheated vessels is possible. Viscosity increases as temperatures decrease. KEEP AWAY FROM FIRE. DO NOT STORE NEAR OPEN FLAME.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

NOTICE: Seller makes no warranty, express or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of the material when such use and/or handling is contrary to label instructions.
