

PENTACON-10  
EPA Reg. No. 7234-62  
Labeled For Groundline Treatment Of Utility Poles

(Front / Center Panel)

**RESTRICTED USE PESTICIDE** ("18 PT. TYPE)

For sale to and use only by certified applicators or by persons under their supervision and only for those uses covered by the certified applicator's certification.

**PENTACON-10**

LABELLED ONLY FOR GROUNDLINE  
TREATMENT OF UTILITY POLES

**ACTIVE INGREDIENTS:**

Pentachlorophenol*	8.96%
Other Chlorophenols and related compounds*	1.04%
<b>INERT INGREDIENTS:</b>	<b>90.00%</b>
<b>TOTAL</b>	<b>100.00%</b>

\* Equivalent to 10.42% Technical Pentachlorophenol

EPA Reg. No. 7234-62

Est. No. 7234-NC-2

**KEEP OUT OF REACH OF CHILDREN** ("12 PT. TYPE)

**DANGER** ("18 PT. TYPE)

**STATEMENT OF PRACTICAL TREATMENTS**

**IF SWALLOWED:** Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

**IF IN EYES:** Flush with plenty of water. Call a physician.

**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention

**IF INHALED:** Removed victim to fresh air. Get medical attention.

**NOTE TO PHYSICIAN:** This product is a metabolic stimulant. Treatment is supportive. Forced diuresis may be effective to reduce total body burden. Treat hyperthermia with physical measures. Do not administer aspirin, phenothiazines, or atropine since they may enhance toxicity.

(Side / Back Panels)

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:** May be fatal if swallowed, inhaled, or absorbed through skin. Do not get in eyes, on skin or on clothing. Causes delayed chemical burns. Do not take internally. Avoid breathing vapors, spray mist, or dust. Use with adequate ventilation. Wash thoroughly after skin contact, and before eating, drinking, use of tobacco products, or using restrooms.

The U.S. EPA has determined that pentachlorophenol can produce defects in the offspring of laboratory animals. Exposure to pentachlorophenol during pregnancy should be avoided.

Applicators must wear gloves impervious to the wood treatment formulations (e.g., polyvinyl acetate (PVA), polyvinyl chloride (PVC), or neoprene) in all situations where dermal contact is expected (e.g., during the actual application process and when handling freshly treated wood).

Applicators must wear long sleeved shirts, long pants, and an impermeable apron during the application and mixing processes and all situations where dermal contact is expected.

Work clothing must be changed when it shows signs of contamination. Launder work clothing separately from other household clothing. Dispose of worn-out work clothing and workshoes or boots in any general landfill, in the trash, or in any other manner approved for pesticide disposal.

Applicators must not eat, drink, or use tobacco products during those parts of the application process that may expose them to the wood treatment formulation.

Wash thoroughly after skin contact, and before eating, drinking, use of tobacco products, or using restrooms.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wildlife. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

**PHYSICAL AND CHEMICAL HAZARDS**

Do not use or store near heat or open flame. Close container after each use.

.....  
*(Side / Back Panels, Continued)*

The registrant has complied with all terms and conditions of the registration governing the composition of this product as approved by the United States Environmental Protection Agency under section 3 of the Federal Insecticide, Fungicide, and Rodenticide Act. The use of this product for any purpose other than those stated on the label, including use of this product in the manufacture or formulation of other pesticide products or in repackaging of the product, is prohibited.

**DIRECTIONS FOR USE**

It is violation of federal law to use this product in a manner inconsistent with its labeling.

This product controls decay (rot) and molds, and preserves wood against attack by fungi, Termites, Powder-Post Beetles and Carpenter Ants.

After excavating and inspecting pole, apply this product to the pole by brushing or spraying before pole is back-filled. Or, use of a power spade has proven to be effective. Use from 1 1/2 to 5 gallons depending on size of pole and upon the specification existent. This product can also be used to soak absorbent bandages for pole repair and may be injected into poles using low-pressure application techniques.

**STORAGE AND DISPOSAL** (12 PT. TYPE)

Do not contaminate water, food, or feed by storage and disposal.

**STORAGE:** Store as a pesticide

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**NOTICE:** Seller makes no warranty, express or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of the material when such use and/or handling is contrary to label instructions.
