SWIMMING POOL

ALGAEICIDE

OUTSTANDING ALGAE GROWTH DEPRESSANT

ACTIVE INGREDIENT:

Alkyl* Dimethyl Benzyl Ammonium Chloride
*(C₁₄, 60%; C₁₂, 25%; C₁₆, 15%)..... 10%

INERT INGREDIENTS:..... 90%

100%

Manufactured By:

SAVOL BLEACH COMPANY
East Hartford Ct. 06108

NET CONT. 128 FL. OZ. (1 GALLON)

DIRECTIONS

Initial Application: To a clean pool add one gallon to 50,000 gallons of water, or ratio thereof.

Maintenance Dose: Use one quart to 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days or as necessary.

Booster Dose: Immediately after every rain add one quart per 50,000 gallons of water as above.

Important: Follow above directions without fail, even when pool is not used. Algae growth must be fought at all times.

Pool-side surfaces: After cleaning surfaces, use one oz. to four gallons of water for sanitizing or one oz. to two gallons of water for disinfecting. Apply by wiping, mopping, or scrubbing so as to wet surfaces thoroughly with the recommended solution.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probably successful treatment may contraindicate the use of gastric lavage. Measures against circulatory shock, as well as oxygen and blood gases to support respiration and oxygenation, may be necessary.

ALGAEICIDE is efficient, economical and use dilute solution.

ALGAEICIDE is compatible with all chemicals used in pool water and will not damage tile, metal, or plastics.

ALGAEICIDE keeps pool water free and clear of visible algae, slim and green spots.

ALGAEICIDE improves filter operation and reduces need for other chemicals.

ALGAEICIDE imparts tone and a pleasant appearance to swimming pool water.

EPA Reg. No. 7267-4

Use container as directed. Destroy when empty.

PRECAUTIONS

Do not use on fish. Treated effluent should be disposed where it will drain into ground or public water.

Use product as specified on this label.

Keep Out of Reach of Children.

Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

See side panel for FIRST AID and antidotes.
