

'PEST RID BRAND' .5% COATED WARFARIN

ANTICOAGULANT
CONCENTRATE

A RODENTICIDE FOR FORMULATING USE ONLY

Each particle of the warfarin in this product has been specially coated with a material that reduces detection of the warfarin by the rodents at the time the bait is consumed. The coating may help assure greater acceptance of the bait in cases where rodent awareness of uncoated warfarin is responsible for low bait acceptability.

ACTIVE INGREDIENT:

Warfarin, 3-(α -acetylbenzyl)-4-hydroxycoumarin 100%

INERT INGREDIENTS

TOTAL 100.00%

CAUTION

KEEP OUT OF REACH OF CHILDREN

See Additional Cautions Below.

INSTRUCTIONS

TOTAL 100.000%

CAUTION
KEEP OUT OF REACH OF CHILDREN
See Additional Cautions Below.

INSTRUCTIONS

Users of this concentrate are expected to provide data to support registration of their labels. A technical bulletin containing data is available from the supplier of this product.

CAUTION

Treated baits must be placed in locations not accessible to children, pets, wildlife and domestic animals, or in tamper-proof bait boxes. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. If swallowed by humans, domestic animals or pets, this material may reduce the clotting ability of the blood and cause bleeding. In such case, intravenous and oral administration of Vitamin K, combined with blood transfusions are indicated as in the case of hemorrhage caused by overdoses of bishydroxycoumarin.

Do Not Reuse Container — Destroy When Empty
