Crown Industries
P.O. Box 7532
Madison, WI 537

Gentlemen:

Subject: Crown Flyban 28 Systemic Insecticide
EPA Registration No. 7273-140
Your Application Dated December 9, 1982

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable, provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Add the statement "Do not use in edible product areas of food-processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed."
2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

William H. Miller
Product Manager (16)
Insecticide-Rodenticide Branch
Registration Division (TS-767)

Enclosure

Directions for Use (continued)

OUTDOOR ORNAMENTAL PLANTS

FLYBAN 2 E is generally effective in controlling aphids, thrips, leaf miners, scales, leafhoppers and mites. For proper timing of treatments for the control of specific pests on ornamental plants, consult your state agricultural experiment station or state agricultural extension service.

Make adequate sprays when pests appear or when damage is first observed. Do not over-dose or overspray. Do not use on ornamental plants not listed. Do not use on any ornamental stock plants grown as a source of propagation material, such as cuttings, layers, root stocks or scions for grafting or budding. Do not use in spray mixtures containing oil. Do not use on plants growing in greenhouses.

THE USES LISTED BELOW ARE FOLIAR SPRAYS UNLESS OTHERWISE INDICATED

Ornamental Plants—Outdoor Plants Only	Pests Controlled	Pints Per 50 Gallons Water	Tablespoons per 3 Gallons Water
Azaleas	Lace Bugs, Leaf Mites, Tea Scale, Whiteflies	1	2
Camellias	Aphids, Camellia Scale, Mites, Tea Scale	1	2
Hibiscus	Aphids, Leafhoppers, Mites, Thrips	1	2
Hydrangea	Aphids, Leafhoppers	1	2
Boxwood	Leaf Mites, Mealy Bugs, Mites	1	2
Fuchsia	Aphids, Scale	1	2
Geranium	Aphids, Thrips	1	2
Hemlock	Mites, Scale	1	2
Juniper	Aphids, Scale, Mites, Thrips	1	2
Rose	Aphids, Bagworms, European Red Spider Mite, Hawthorn Scale, Japanese Beetle, Summer Red Spider Mite	1	2

HOUSEFLIES

Residual Wall Sprays. For the control of houseflies including resistant strains in dairy barns, hog pens, calf barns, poultry houses and other farm buildings, apply a 1% residual spray to the ceilings, walls, stanchions, etc. Prepare the spray by mixing 1 pint Flyban 2 E in 3 gallons of water. Thoroughly wet all fly resting areas to the point of run-off. One gallon of spray will cover 500 to 1,000 square feet of surface. Repeat applications should be made when necessary.

Remove all animals from buildings when applying residual wall sprays.

Flyban 2 E is acceptable for use as a residual type insecticide in and around federally inspected meat packing plants except where meat food products are processed or handled. Flyban 2 E controls flies up to 8 weeks or longer.

For Localized Housefly Control, apply a spray containing 1 pint of Flyban 2 E in 5 quarts of water with a knapsack or similar type sprayer to areas frequented by flies, such as doorways, around windows, etc.

Repeat applications should be made when necessary. Good sanitation is a necessary part of any effective fly control program.

Maggot Sprays. For the control of housefly maggots, mix 1 pint of Flyban 2 E in 5 quarts of water and apply as a coarse spray or with a sprinkling can to fly breeding areas, such as poultry droppings, manure, layer houses, garbage dumps and manure piles. Repeat application as additional manure or garbage is added.

General Outside Use

For the control of houseflies around homes and recreation areas, garbage cans, animal quarters, food processing plants, water uses, loading docks and refuse areas, thoroughly spray exposed surfaces, such as walls, floors, garbage and refuse containers with 1 pint of Flyban 2 E in 3 gallons of water. Repeat applications should be made when necessary.

STATEMENT OF PRACTICAL TREATMENTS

If swallowed: Call a physician or Poison Control Center immediately. Gastric lavage is usually indicated. Do not induce vomiting. Vomiting may cause aspiration pneumonia. Do not induce vomiting or give substances by mouth to an unconscious person.

If inhaled: Remove victim to fresh air. Assist respiration if indicated.

In on skin: Promptly wash contaminated skin with soap and water.

If in eyes: Immediately flush eyes with plenty of water. Get medical attention if irritation persists.

NOTE TO PHYSICIANS: This product may cause cholinesterase inhibition. Atropine is antidotal.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

VAPOR HARMFUL — Harmful or Fatal if Swallowed
Concentrated Material Causes Eye Irritation

Avoid breathing vapor or spray mist. Avoid contact with skin or eyes. Use only with adequate ventilation. Wash thoroughly after handling. Do not contaminate food. Do not use in homes. Rinse spills on outside of container after use.

Do not contaminate feed and foodstuffs, drinking fountains, litter and feed troughs. Do not use in milk processing rooms, including milk houses and milk storage rooms.

DO NOT Apply This Product By Aerial Application

The following protective clothing must be worn during application:

- a. Impermeable gloves (for example, rubber or plastic covered reinforced gloves)
- b. Boots or boot covers
- c. Long sleeved shirt and long pants
- d. Wide brimmed hat

(Continued on opposite side panel)

ACCEPTED
