

VEGETATION KILLER

7273-155

Important: Read the entire Directions for Use and the Conditions of Sale and Warranty before using this product.

Since weather and other conditions under which this product may be used will vary, the Seller makes no warranty expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

CAUTION: Harmful if swallowed. Do not induce vomiting. Call a physician immediately. Avoid contact with eyes and skin. In case of skin contact, wash with soap and water. Avoid inhalation of spray mist. Avoid contamination of food and feed.

Do not contaminate water used for irrigation or domestic purposes.

Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Do not reuse container. Destroy when empty.

Do not use, pour, spill or store near heat or open flame. Store at temperatures above 32 F.

DIRECTIONS FOR USE

Uniformly spray one gallon of Crown Vegetation Killer mixed in ten gallons of water over 1,000 sq. ft. of soil surface. Thoroughly wet all foliage to insure contact action. Best results are obtained when applications are made during or after weed growth is succulent. Where vegetation is tall and dense, use 1 1/2 gallons of Crown Vegetation Killer in ten gallons of water per 1,000 sq. ft. For control of hard-to-kill perennial weeds and grasses such as johnsongrass, bindweed, and wild carrot, use 3 -- 4 1/2 gallons per 1,000 sq. ft. Although Crown Vegetation Killer has considerable activity through foliar contact, much of its activity is through the roots and, therefore, adequate rainfall to move the chemical into the root zone is necessary.

Under conditions where the rainfall is high and the growing season long, a second application may be necessary to maintain a weed-free soil surface.

Care must be taken to keep this herbicide away from desirable flower beds, lawns and shrubs. Do not apply over roots of valuable trees or woody ornamental plants. Only apply herbicide outside the dripline of trees. Avoid spray drift to desirable plants.

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

NOTICE OF WARRANTY

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
