WARNING: KEEP OUT OF REACH OF CHILDREN

NET CONTENTS:  
USDA REG. NO.

DIRECTIONS FOR USE

FOR SLIME CONTROL

IN BREWING PASTEURIZERS: Use BRENCO NO. 590 periodically as needed to control slime. Shot feeding or slug feeding is recommended as most effective slime control method.

Enough BRENCO NO. 590 should be added to the pasteurizer to raise initial concentration in the system to 300 ppm. BRENCO NO. 590 may be added manually into the first compartment of the pasteurizer.
