DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

C-T-B 12 is used to control algae and bacteria in recirculating commercial and industrial water cooling towers. Prior to its use, systems must be cleaned to remove algal growth, microbiological slime, and other deposits. An initial slug addition of 5.1 to 10.2 fluid ounces of C-T-B 12 per 1000 gallons of water is recommended. Repeat initial dosage until control is evident.

Subsequent slug additions of 1.7 to 10.2 fluid ounces of C-T-B 12 per 1000 gallons of water should be employed every 1 to 5 days, or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of water cooling towers.

FOR INDUSTRIAL USE ONLY

NET CONTENTS

C-T-B 12

MICROBICIDE FOR COOLING TOWERS

EPA REG. NO. 7350-22 EPA EST. NO. 7350-MN-01

ACTIVE INGREDIENT:

Dipotassium cyanodithiolimidocarbonate.....	4.90%
Potassium N-methylthiocarbamate.....	6.76%
INERT INGREDIENTS.....	88.34%
TOTAL.....	100.00%

This product contains 1.03 lb. of active ingredient per gallon and weighs 8.88 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN

WARNING

SEE ADDITIONAL PRECAUTIONARY STATEMENTS ON RIGHT PANEL.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Do not expose to extreme temperatures. Do not stack more than 10 drums. Drums should be opened in well-ventilated areas. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed and disposed of in a sanitary landfill. Keep containers closed when not in use. PESTICIDE DISPOSAL: Pesticide wastes are toxic. Do not mix with other pesticides, spray mixtures, or wastes in a violation of Federal, State Pesticide or Environmental Control Agency, or the Hazardous Waste Act. Do not mix with other hazardous wastes. Do not mix with other wastes at your EPA Regional Office for guidance. CONTAINER DISPOSAL: Triple rinse for equipment. Then offer for recycling, reuse, or disposal in a sanitary landfill, by incineration, or by other means approved by local authorities. If burned, stay out of smoke. Do not reuse for equipment. Then offer for recycling or reconditioning or dispose of in a sanitary landfill, or by other procedures approved by local authorities.

PRECAUTIONARY STATEMENTS

Hazards To Humans and Domestic Animals

WARNING: Causes eye damage and skin irritation. Do not breathe vapors or dust. Wear goggles or face shield and rubber gloves when handling. Avoid contact with skin and eyes. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT: Immediately flush eyes or skin with plenty of water for at least 15 minutes. Remove and wash contaminated clothing before reentry. Call a physician or Poison Control Center. Drink 1 or 2 glasses of water by touching back of throat with finger. Do not induce vomiting or use emetics on an unconscious person.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to aquatic life. Do not discharge effluent containing this active ingredient into lakes, streams, rivers, or public water unless this product is specifically identified on the NPDES permit. Do not discharge effluent containing this product into navigable waters without previously notifying the sewage treatment plant operator or your State Water Board or Regional Office of the EPA.
