Date of Issuance:  
JAN 22 1999

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

Term of Issuance: Conditional

(under FIFRA, as amended)

Name of Pesticide Product:  
Enhance®

Name and Address of Registrant (include ZIP Code):

Great Lakes Biochemical  
6120 West Douglas Avenue  
Milwaukee, WI 53218

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to the use of the label in commerce. In any correspondence on this product always refer to the above EPA regulation number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document(s), EPA has reregistered the product listed above subject to the following comments. This action is taken under the authority of section 4 (g) (2) (c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

1. Submit two copies of the revised final printed label for the record.

A stamped copy of the label is enclosed for your records.

**ENHANCE**<sup>®</sup>

FOR SPAS/HOT TUBS

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

A BROMIDE SALT SOLUTION FOR USE EXCLUSIVELY  
WITH A GLB ACTIVATE PRODUCT AS PART OF A  
SYSTEM FOR DISINFECTION OF WATER IN SPAS,  
HOT TUBS AND THERAPUETIC POOLS.

JAN 22 1999

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended; for the pesticide,  
registered under EPA Reg. No.

7364-30

ACTIVE INGREDIENT:  
Sodium bromide (NaBr)..... 32.18%  
INERT INGREDIENTS: ..... 67.82%

**CAUTION**

**KEEP OUT OF REACH OF CHILDREN**

ENHANCE is a clear solution of bromide salts which remain as a stable bank in the spa/hot tub water until ACTIVATE is added. ENHANCE has no disinfectant properties and it is only when a GLB ACTIVATE product is added that bromine is released in water containing ENHANCE.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

ENHANCE should be added when the spa/hot tub is filled and weekly thereafter to maintain a bank of bromide in the water.

First, treat the spa/hot tub water with PROTECT PLUS according to its label directions.

Then, add ENHANCE 4 oz./250 gal. directly into the spa/hot tub. Circulate the water while adding ENHANCE to assure rapid and thorough distribution.

Weekly, thereafter, add ENHANCE 1 oz./250 gal. to maintain a sufficient bank of bromide in the water.

Test the bromine residual at least once every day with a bromine/pH test kit. The bromine residual must be between 1-3 ppm for residential spas/hot tubs and 3-5 ppm for commercial installations. Heavy usage, or the length of time the spa/hot tub is in use may result in depletion of bromine and require additional dosages of ACTIVATE and/or ENHANCE to maintain the desired bromine residual. Never mix any chemicals with each other before adding to the spa/hot tub water.

Change water monthly or as needed to maintain water quality.

**CAUTION:** Harmful if swallowed. Do not get in eyes. Avoid contact with skin. In case of contact flush with plenty of water for at least 15 minutes. If eye irritation persists, get medical attention. Avoid contamination of food.

Store in original container in a cool dry place. Do not reuse container. Rinse thoroughly and securely wrap original container in several layers of newspaper before discarding in trash.
