Subject: GLB ENHANCE
EPA Registration No. 7364-30
Submission Dated : May 27, 2003
Receipt Date: June 10, 2003

Dear Ms. Radtke:

The amendment submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the condition below.

- revisions Per PR Notice 2001-1
- change Storage and Disposal statement

1. Revise the Ingredient statement as follows:

Active Ingredient:

Sodium Bromide	32.18%
Other Ingredients	67.82%
Total	100.00%

2. Revise the "Hazards to Humans and Domestic Animals" to read:

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin or clothing. Wash with soap and water after handling.

ENHANCE

FOR SPAS AND HOT TUBS

ACCEPTED
with COMMENTS
EPA letter Dated:

AUG - 5 2003

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended for Fungicide,
registered under EPA Reg. No. 7364-30

A Bromide Solution for Use with
GLB Activate as Part of a System
for Disinfection of Water in Spas

CAUTION
MAY BE HARMFUL IF SWALLOWED
KEEP OUT OF REACH OF CHILDREN
See additional precautions and first aid on back panel.

ACTIVE INGREDIENTS:
Sodium Bromide (NaBr).....32.18%
INERT INGREDIENTS.....67.82%
TOTAL.....100.00%

NET CONTENTS 1 GAL. (3.8 L)

ENHANCE is a clear solution of bromide salts which remain as a stable bank in the spa/hot tub water until ACTIVATE is added. ENHANCE has no disinfectant properties and it is only when ACTIVATE is added that bromine is released in water containing ENHANCE.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product
in a manner inconsistent with its labeling.

ENHANCE should be added when the spa/hot tub is filled and weekly thereafter to maintain a bank of bromine in the water.

First, treat the spa/hot tub with PROTECT PLUS according to its labeling directions.

Then, add ENHANCE 4 oz./250 gal. directly into the spa/hot tub. Circulate the water while adding ENHANCE to assure rapid and thorough distribution.

Weekly, thereafter, add ENHANCE 1 oz./250 gal. to maintain sufficient bank of bromine in the water.

Test the bromine residual at least once every day with a bromine/pH test kit. The bromine residual must be between 1-3 ppm for residential spas/hot tubs and 3-5 ppm for commercial installations. Heavy usage, or the length of time the spa/hot tub is in use may result in depletion of bromine and require additional dosages of ACTIVATE and/or ENHANCE to maintain the desired bromine residual. Never mix any chemicals with each other before adding to the spa/hot tub water.

Change water monthly or as needed to maintain water quality.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Do not get in eyes. Avoid contact with skin.

FIRST AID:

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

STORAGE AND DISPOSAL

Store in original container in a cool, dry place. Do not reuse container. Rinse thoroughly with water and discard in trash.
