Subject: Notification dated: February 13, 2010  
Chlorine Concentrate Granular  
EPA Registration 7364-45

Dear Marianne:

This acknowledges receipt of your Notification submitted in accordance with the provisions of PR Notice 98-10 under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)9.

Proposed Notification

- Add optional marketing language claims to your swimming pool product of "Poolcare," "Sanitizer," "Shock/Oxidizer".

General Comments

Based on a review of the material submitted, the Proposed Notification is acceptable.

Should you have any questions or comments concerning this letter, please contact Tom Luminello at (703) 308-8075.

Sincerely,

A handwritten signature in cursive script that reads "Tom Luminello".

Wanda Y. Henson  
Acting Product Manager 32

Re: CHLORINE CONCENTRATE GRANULAR  
EPA Reg. No. 7364-45

Dear Ms. Henson,

This PR Notice 98-10 notification adds optional marketing claims.

In support of this application for notification, enclosed you will find:

- A completed application (Form 8570-1) for Notification as required by PR 98-10 w/Certification Statement.
- Two (2) copies product labeling with proposed changes in red.

I can be contacted at (262) 509-5674 or by e-mail at [mradtke@advantistech.com](mailto:mradtke@advantistech.com) if you have any questions or require further information.

Sincerely,

GLB POOL & SPA

## KEEP OUT OF REACH OF CHILDREN DANGER

{The following optional statement is for use on residential use swimming pool and spa products.}

**[Contamination or improper use may cause fire or explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react to cause explosion or the release of toxic gases. {Optional – for use on residential use swimming pool products} Do not mix this product with a small amount of water. Only add directly to your pool or spa.] {Optional – for use on residential use swimming pool products} Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled or absorbed through skin. Harmful if swallowed.]**

[See [side or back] panel for first aid and precautionary statements.]

### FIRST AID

**If in Eyes:** Hold eyelids open and rinse slowly with water for 15 to 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

**If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Get medical attention.

**IN CASE OF EMERGENCY CALL: 1-800-654-6911**

**PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER. Corrosive. Causes irreversible eye damage or skin burns. Harmful if inhaled, swallowed, or absorbed through skin.**

- Open in a well ventilated area. Avoid breathing dust and fumes.
- Do not get in eyes, on skin or on clothing. Wear goggles and chemical resistant gloves. For additional protection of skin, wear long sleeves, and long pants and shoes with socks.
- Wash hands after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove contaminated clothing and wash clothing before reuse.

**PHYSICAL or CHEMICAL HAZARDS:**

**DANGER. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gas and spatter. Do not add water to this product. Add only into water.**

- [Do not mix this product with a small amount of water. Only add this product directly to your pool.] {This statement will appear on Pool use labels only.}
- Do not allow to become wet or damp before use.

**Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases.**

- Keep all foreign matter, including other water treatment products, away from this product.
- Use only clean dry utensils to dispense this product.
- Do not allow this product to contact other water treatment products. If used with a skimmer, make sure skimmer is completely clean and free of residue from other water treatment products before putting this product in a skimmer.
- Avoid spilling this product.

**Exposure to heat can cause this product to rapidly decompose, leading to fire, explosion, and the release of toxic gases.**

- Store in a cool, dry, well ventilated area away from heat or open flame.

**Strong oxidizing agent. This product can increase fire intensity.**

- Keep away from heat and from flame and burning material (like a lighted cigarette).

{First sentence of paragraph below for 50 lb. containers or less; complete paragraph for all other sizes}

**ENVIRONMENTAL HAZARDS:**

This pesticide is toxic to fish and aquatic organisms.

Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**DIRECTIONS FOR USE**

**It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.**

**Reentry into treated swimming pool is prohibited above levels of 4 parts per million (ppm) available chlorine.**

This product is a stabilized concentrated chlorine that will provide effective control of bacteria and algae when used as directed. [For the convenience of continuously fed chlorine without the need to apply by hand, try our automatic feeder {only with the GLB line} that uses the [brand name] 3" Chlorination Tablets.]

1. Adjust the pool water's pH value to between 7.2 and 7.8 and the total alkalinity to between 80 and 150 ppm as determined by a suitable test kit.
2. Stabilize the pool water with 30 ppm of [Brand name] Stabilizer as directed on the container label. Regular use of this product will provide any needed makeup conditioner.
3. Shock treat the pool water by using 9 ounces of this product for each 10,000 gallons of pool water. Before using the pool, be certain the chlorine level returns to 1.0 to 1.5 ppm.
4. Maintain a free available chlorine level of 1.0 to 1.5 ppm (as determined daily by a suitable test kit) at all times. For each 10,000 gallons of pool water, add 2 and a half (2 1/4) ounces of this product every other day (or 1 and a quarter (1 1/4) ounces daily) or more as needed to maintain the proper chlorine level.
5. Shock treat your pool at least twice monthly (more often in warmer climates) according to Step 3 above. During hot weather and peak bather loads, shock treat your pool weekly to prevent water cloudiness and algae growth.

[For Household Use]

**STORAGE & DISPOSAL:** Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage:**

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

**Pesticide Disposal and Container Handling:**

Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or [www.website.com](http://www.website.com) for disposal instructions.

Never place unused product down any indoor or outdoor drain.

Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

{Nonrefillable container – single-use, non-resealable package}

[Keep this product dry in its tightly closed container. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse and discard empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.]

{Nonrefillable container - non-household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not contaminate food or feed by storage or disposal or cleaning of equipment. Nonrefillable container. Do not reuse this container. Offer for recycling if available. Rinse empty container thoroughly with water to dissolve all material prior to disposal.]

{Optional – for use on residential use swimming pool and spa products.}
