SUBJECT Tabex Algae Out, EPA Reg No 7364 46 Application for Label Notification

Dear Ms Harris

I am submitting an application to make the following changes to the above named product label

- 1 Add Note to reviewer' to the top of page 1
- 2 Also on page 1 change the reference statement to Read all precautionary statements and first aid statements on [left] [right] [back] [side] panel before use
- 3 On page 4 add optional marketing claims Multi Action Visit UltimaPoolSpa com Customer Care 1 800 455 4311

Please find enclosed the following documents in support of this notification

- Application for Pesticide (8570-1)
- Certification with Respect to Label Integrity
- 1 copy of the proposed label with changes highlighted
- 1 CD with proposed label

eigh Sun dichardon

If you have any questions or need any additional information please feel free to contact me at 675-627-2126

Sincerely GLB Pool & Spa

Leigh Ann Richardson Regulatory Supervisor Note to reviewer

[Items in brackets [AAA] are optional and may/may not be included on final label] {Items in braces {AAA} are for information purposes and will not appear on final label}

Tabex Algae Out

ACTIVE INGREDIENTS

Sodium Dichloro-s-Triazinetrione * 35 90%
Copper (elemental) ** 2 25%
OTHER INGREDIENTS 61 85%
TOTAL 100 00%

KEEP OUT OF REACH OF CHILDREN DANGER

Contamination or improper use may cause fire or explosion or the release of toxic gases Do not allow product to contact any foreign matter including other water treatment products. If product is exposed to small amounts of water, it can react to cause explosion or the release of toxic gases. Do not mix this product with a small amount of water. Only add directly to your pool. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed or absorbed through skin.

Read all precautionary statements and first aid statements on [left] [right] [back] [side] panel before use

NET WEIGHT ___ (LBS)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling

REENTRY INTO TREATED SWIMMING POOLS IS PROHIBITED ABOVE LEVELS OF 4 PARTS PER MILLION (PPM) OF AVAILABLE CHLORINE

[This product] combines the power of chlorinating compounds and copper for immediate antialgae shock treatment as well as for extended relief from algae

For best results use [this product] in the evening after pool use is finished for the day

Compatible with bromine, chlorine salt water ozone and minerals

Use this product as follows

1 Adjust the pool water pH into the range of 7 2 - 7 8 and the total water alkalinity range into 100 to 150 ppm as determined by a suitable test kit

Tabex Algae Out EPA Reg No 7364 46 Stamped Label 7 16 09 with notifications 3 17 10 5 11 11 7 30 12 Draft Notification

^{*}Available Chlorine 20 1%

^{**} From complexed form of copper sulfate pentahydrate

- 2 To control algae distribute 3 pounds over the water's surface for each 20,000 gallons of pool water. This will raise the pool water's chlorine residual to 4 ppm for immediate anti-algae shock treatment and 1 ppm of chelated copper sulfate for extended relief.
- 3 If algae persists repeat dosage

Unlike many other algaecides this product will not combine with and neutralize chlorine residuals already in the pool. This means that [this product] and chlorine in your pool will work together rather than destroying each other. In addition, [this product] is buffered so it will not upset the pH balance of your pool.

FIRST AID

IF IN EYES Hold eyelids open and rinse slowly with water for 15 to 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING Take off contaminated clothing Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice **IF INHALED** Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

NOTE TO PHYSICIAN Probable mucosal damage may contraindicate the use of gastric lavage

IN CASE OF EMERGENCY CALL 1-800-654-6911
