

**ACCEPTED**  
 JUL - 5 2005  
 Under the Federal Insecticide, Fungicide, and  
 Rodenticide Act as amended, for the  
 pesticide registered under  
 EPA Reg. No. 7364-20005

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**SUPER CHARGE** is a concentrated, dry chlorine agent which helps restore sparkling, clear pool water by reducing organic wastes from such contaminants as suntan lotions, hair spray, cosmetics, urine, perspiration and mucous discharge. Use only as directed.

1. Adjust the pool water pH value to between 7.2-7.6 and total alkalinity to between 80 and 150 ppm as determined by a suitable test kit.
2. Use **SUPER CHARGE** at the rate of 1 pound per 10,000 gallons of swimming pool water. Add total required amount at one time. Scatter this granular product directly over the pool water surface. Use **SUPER CHARGE** only when pool is not in use. It will produce a temporary high chlorine level. Do not enter pool until the chlorine residual has dropped to a level of 2 ppm as determined by a suitable test kit.
3. Between **SUPER CHARGE** applications, maintain required 1.0-1.5 ppm chlorine residual in pool water.

Never mix **SUPER CHARGE** with any other chemical. Do not use in feeder, float or skimmer. Always mix only with pool water by scattering product over pool surface.

**WINTERIZING:** While water is still clear & clean, apply 0.6 oz of product per 1000 gallons, while filter is running, to obtain a 3 ppm available chlorine residual, as determined by a suitable test kit. Cover pool, prepare heater, filter and heater components for winter by following manufacturers instructions.

**STORAGE AND DISPOSAL:** STORAGE: Keep **SUPER CHARGE** dry in a tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all materials before discarding this container.

DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash. **GLB POOL & SPA - ALPHARETTA, GA 30004**

**SUPER CHLORINATION FOR POOLS - KILLS BACTERIA, DESTROYS ORGANIC WASTE AND CONTROLS ALGAE**

**NET WT 1LB - 454G**  
 Solid by weight, not volume

**ACTIVE INGREDIENT:**  
 Calcium Hypochlorite 6.5%

**OTHER INGREDIENTS:**  
 35%

**TOTAL**  
 100%

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

See additional precautions and first aid on the back panel.

**PRECAUTIONARY STATEMENTS**

**HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER: HIGHLY CORROSIVE.** Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish and aquatic organisms.

**PHYSICAL AND CHEMICAL HAZARDS: DANGER:** Strong Oxidizing Agent. Mix only with water. Use clean, dry utensils. Do not add **SUPER CHARGE** to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals will start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well-ventilated area. Flood area with large volumes of water, if necessary.

**FIRST AID:**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move a person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.
