OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

John French, Agent for GLB Pool and Spa
c/o Arch Chemicals, Inc.
5660 New Northside Drive
Atlanta, GA. 30328

Subject: Shock
EPA Registration Number: 7364-20005
Application Date: February 11, 2011
Pin Punch Receipt Date: February 22, 2011

Dear Mr. French:

This acknowledges receipt of your Notification submitted in accordance with the provisions of PR Notice 98-10 under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)9.

Proposed Notification

- Addition of optional marketing claim "Calcium Hypochlorite Shock for Pools".

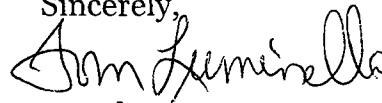

General Comments

- Based on a review of the material submitted, the notification is acceptable. Please submit a finished label with the revised language to this Office for our files.

Your application form states in Section III that Child Resistant Packaging (CRP) for this product is not required. That is not true because of the corrosive nature of the active ingredient and the residential uses. A search of our file indicates that your CRP certification is not on file. You must provide a copy of your CRP certification for all applicable product sizes within 60 days of this letter for our files.

If you have any questions about this letter, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at luminello.tom@epa.gov.

Sincerely,

Wanda Y. Henson

Acting Product Manager 32

DANGER

Contamination or improper use may cause fire or explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water. Highly Corrosive. Causes skin and eye damage. May be fatal if swallowed.

See back panel for additional precautionary statements.

FIRST AID: {required on front panel}

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. May be fatal if swallowed. Irritating to nose and throat. Do not get in eyes, on skin or clothing. Do not handle with bare hands. Wear safety goggles or face shield, and rubber gloves when handling this product. For additional skin protection, wear long sleeves and long pants. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Open in a well-ventilated area. Do not breathe dust or fumes. Remove and wash contaminated clothing before reuse.

PHYSICAL and CHEMICAL HAZARDS:

If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water.

- Do not allow to become wet or damp before use.
- Can react with other materials, including other water treatment products, to cause intense fire, explosion, and the release of toxic gases.
- Keep all foreign matter, including other water treatment products, away from this product.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

{Use 1-Pools} {SWIMMING POOL USES}

WATER BALANCE: For best product performance, swimmer comfort, and crystal clear water: Maintain pH in the range of 7.2 to 7.6. Maintain total alkalinity in the range of 60 to 120 parts per million (ppm). Maintain calcium hardness above 200 ppm. Use a reliable test kit that measures all these ranges. Use [BRAND] Pool Care Products to make adjustments. Follow label directions for each product.

[Brand or This product] is a concentrated dry chlorine agent which helps restore sparkling, clear pool water by reducing organic wastes from such contaminants as suntan lotions, hair spray, cosmetics, urine, perspiration and mucous discharge. Use only as directed.

{When contents are in a resealable container} [

Use only a clean, dry [scoop] [lid] to measure this product. [Do not use the [scoop] [lid] for any other purpose.]

{When contents are in a single use bag for use as a shock for pools 10,000 gallons or larger}

[Use entire contents when opened.]

1. Use [brand or this product] at the rate of 1 pound per 10,000 gallons of swimming pool water. Add total required amount at one time. Scatter this granular product directly over the pool water surface. Use [brand or this product] only when pool is not in use. It will produce a temporary high chlorine level. Re-entry into treated pools is prohibited above levels of 4 ppm due to risk of bodily harm.

2. Between applications of [brand or this product], maintain required 1.0 - 1.5 ppm chlorine residual in pool water.

Never mix this product with any other chemical. Do not use in feeder, floater or skimmer. Always mix only in pool water by scattering product over pool surface.

WINTERIZING: While water is still clear & clean, apply 0.8 oz. of this product per 1000 gallons, while filter pump is running, to obtain a 4 ppm available chlorine residual, as determined by a suitable test kit. Cover pool, prepare heater, filter and heater components for winter by following manufacturers' instructions.

STORAGE & DISPOSAL:

{Nonrefillable container - household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING.]

{Nonrefillable container - SINGLE-USE, non-resealable package}

[Keep this product dry in its tightly closed container. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse and discard empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING.]

{Refillable container - household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE

EMERGENCY HANDLING. Refillable container. Refill this container with calcium hypochlorite only. Do not use this container for any other purpose. Rinse empty container thoroughly with water to dissolve all material prior to disposal.]

EMERGENCY HANDLING: In case of contamination or decomposition – Do not reseal container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.

{OPTIONAL MARKETING CLAIMS}

- [Shock treatment and superchlorinator for pools]
- [Dry, free-flowing form]
- [Kills bacteria] [Controls algae] and [destroys organic contaminants {or} waste [in pools]
- [Concentrated chlorinating agent]
- [Fast acting]
- [Quick dissolving]
- [Destroys bacteria]
- [Sanitizes pool water]
- [Swimming pool sanitizer]
- [Chlorinating granules for multipurpose uses]
- [Will not cause over stabilization]
- [Contains no cyanuric acid]
- [Good for all pool surfaces]
- [Calcium Hypochlorite Shock for Pools]
