FOUR SEASONS

ROSE and FLOWER SPRAY

Insecticide - Fungicide - Miticide.
Kills many rose and flower insects.
Prevents mildew and black spot.

WONDER GARD ROSE AND FLOWER SPRAY is recommended for use on roses, African violets, asters, azaleas, begonias, carnations, camellias, chrysanthemums, dahlias, delphiniums, geraniums, gladioli, marigolds, grape ivy, fuchsia, rhododendrons, zinnias, and certain other ornamentals.

Do not spray delicate new growth on sensitive plants, such as cyclamen, lantana, nasturtium, or dull-leaved varieties of roses. Do not use on vegetable plants.

WONDER CHEMICAL CO., INC.
SAN ANTONIO, TEXAS

DIRECTIONS FOR USE: Remove protective cap. Hold container upright 12-20 inches from plant to avoid propellant-freezing injury to plant. Press valve down and spray with sweeping motion in one-second bursts. Avoid excessive wetting of foliage since overspraying may cause injury. Do not spray when temperature is high, plants are in direct sunlight, or foliage is wet. Spray in early morning or in evening when air is still.

INSECTS: For control of aphids (plant lice), spider mites, white flies, ants, lace bugs, leaf hoppers, and certain other insects troublesome to roses and other ornamentals. When hit by spray, controls thrips, Japanese beetles, rose chafer, and soft brown scale of roses.

PLANT DISEASES: Controls black spot and powdery mildew on roses and powdery mildew on zinnias. Spray before spores infect plants and repeat at 7 to 10-day intervals.

CAUTION: Avoid breathing of spray mist. This material may irritate or sensitize the skin. If accidentally sprayed on skin, wash with soap and water. Do not spray on skin, pets, food, or around birds and fish. Avoid spraying on plastics, asphalt, tile, or furniture. Keep away from children. Harmful if swallowed. Avoid overlap of fingertip in front of valve.
