# MULTI-PURPOSE INSECT KILLER

**KILLS:**

**INSECTS ON SHRUBS, FLOWERS, SHADE TREES**  
 NOW CONTAINS SYSTEMIC INSECTICIDE

**ACTIVE INGREDIENTS**

Dimethyl (2, 2, 2 trichloro-1 hydroxyethyl) phosphonate*	17.0%
S [2-(ethylsulfanyl)ethyl] O, O Dimethyl phosphorothioate**	5.6%
<b>INERT INGREDIENTS</b>	<b>77.4%</b>
<b>Total</b>	<b>100.0%</b>

Contains 1.5 lbs. Dimethyl (2, 2, 2 trichloro-1 hydroxyethyl) phosphonate plus 0.5 lbs. S [2-(ethylsulfanyl)ethyl] O, O Dimethyl phosphorothioate per gallon.

\*U.S. Patent No. 2,701,225, Canadian Patent No. 529,379  
 \*\*U.S. Patent No. 2,791,599, Canadian Patent No. 534,370  
 Protect from Heat. Store in a Cool Place but Not Below 25° F.

**WARNING**  
**KEEP OUT OF REACH OF CHILDREN**  
 SEE OTHER WARNINGS ON BACK

**STOP - READ ENTIRE LABEL BEFORE USE**  
**DIRECTIONS FOR USE**

Spray made from this concentrate will kill:

- |                   |                        |                      |                        |                     |                 |
|-------------------|------------------------|----------------------|------------------------|---------------------|-----------------|
| Aphids            | Climbing cutworms      | Holly leaf miners    | Lygus bugs             | Stink bugs          | Tobacco budworm |
| Army worms        | Darkling ground beetle | Hornworms            | Mites                  | Tarnished plant bug | Webworms        |
| Bagworms          | Diamondback moth       | Imported cabbageworm | Salt-marsh caterpillar | Thrips              | Whiteflies      |
| Birch leaf miners | Dipterous leaf miners  | Leafhoppers          |                        |                     |                 |

Multi-Purpose Insect Killer provides plants with two-way protection from insect attack. The spray kills insects on contact. In addition, the spray is absorbed by the leaves and moves in the sap stream to all parts of the plant (systemic action). Working from inside the plant, the insecticide kills sucking insects that feed on the plant sap.

**MIXING DIRECTIONS**

Multi-Purpose Insect Killer mixes readily with water and may be used in all types of sprayers. Use 2 tablespoonfuls (1 fluid ounce) of concentrate for each gallon of water. Spray plants until they are thoroughly wet. Repeat applications as necessary to maintain insect control.

For hose-end type sprayers, measure 2 tablespoons into the sprayer jar for each gallon of final spray. Add water to the indicated level in the jar to give the desired number of gallons of final spray. Follow the recommendations of the manufacturer of your particular hose-end sprayer.

**CAUTION:** Plant injury from Multi-Purpose Insect Killer applications has been observed on Royal Purple Smoke trees and on certain varieties of carnations and zinnias. For these three kinds of plants, treat only a few plants and observe for 4 to 5 days before spraying the entire planting.

Do not handle treated plants until the spray deposit has dried.  
 Do not use on plants used for food or forage. Use only according to label directions.  
 Do not re-use container for any purpose. Destroy empty container.

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.  
 This product is toxic to bees and should not be applied when bees are actively visiting area.

**WARNING:** Multi-Purpose Insect Killer is poisonous. May be fatal if swallowed. May be absorbed through the skin. Avoid exposure. Avoid contact with skin, eyes, and clothing. In case of contact, wash with soap and water. If spray gets into eyes, flush with plenty of water. Wash contaminated clothing with soap and hot water before re-use. Do not breathe spray mist. Do not contaminate feed or food. Keep out of reach of children. Always wash thoroughly with soap and warm water after handling.  
 Antidote: Atropine sulfate and/or 2-PAM.  
 Do not use, pour, spill or store near heat or open flame.
