Mr. Matthew D. Vickers
Voluntary Purchasing Group, Inc.
P.O. Box 460
Bonham, TX 75418

Dear Mr. Vickers:

Subject: Reregistration of Products Containing Disulfoton,
Alternate Source of Active and Additional Brand Name
Fertilome Rose Food Containing Systemic Insecticide
EPA Registration No. 7401-4
Your Application Dated August 13, 1986
and February 11, 1987

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

1. The word "Disulfoton" should precede the chemical name in the ingredients statement.
2. Revise the first part of the precautionary statements as follows:

May be fatal if swallowed or inhaled. Do not breathe dust. Rapidly absorbed through the skin. Do not get on skin, in eyes or on clothing. Wash hands ... etc."
3. Add a Statement of Practical Treatment as follows:

KEEP OUT OF REACH OF CHILDREN
CAUTION

- If Swallowed: Call a Physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting. Do not induce vomiting or give anything by mouth to an unconscious person.
- If On Skin: Remove contaminated clothing and wash affected area with soap and water. Get medical attention. Wash clothing before reuse.
- If In Eyes: Flush eyes with plenty of water. Get medical attention if irritation persists.
- If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated. Get medical attention immediately.

4. Delete "Antidote: Atropine sulfate and/or 2-PAM" and replace with the following:

Note to Physician: Disulfoton is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

The Alternate source of the active ingredient and the additional brand names, Hi-Yield Systemic Rose Food and American Brand Systemic Rose Food are acceptable and have been made a part of the record for this product.

Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

ing Systemic Insecticide is for people who want richly colored roses and are free of the
roses, mites, thrips, whiteflies, Birch leaf-miner, pine tip moth, mimosa webworm
approximately 40 bushes (average size).

2. HOW DO YOU USE IT?

Systemic Action

ROSES:

1. Individual bushes - apply 1 1/2 oz. (1 capfull). Work lightly into soil and water thoroughly.
2. Established beds and bushes - apply 4 lbs. per 200 sq. ft. Mix lightly into soil.
3. Planting new bushes - Individual bushes - apply 1 1/2 oz. (1 capfull), mix in portion of soil placed in bottom of hole. Cover with 2 inches of plain soil. Plant bushes and water thoroughly.
Planting new bushes in beds - apply 4 lbs. per 200 sq. ft. Work lightly into soil and water thoroughly.
Monthly loadings of ferti-lome Rose Food Containing Systemic Insecticide, during the growing season, will produce vigorous bushes with colorful blooms and control insects at the same time.

CAUTION: Do not apply to plants to be used for animal or human consumption. Application at higher than recommended rates may cause phytotoxicity. Do not apply broadcast to lawns. This product is not intended for nor recommended for container grown plants. For container grown plants we recommend ferti-lome Rose & Ornamental Soluble Plant Food.

STORAGE: Store in original container and place in a locked storage area.

DISPOSAL: Do not reuse container. Wrap container and put in trash.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

Research has proven that ferti-lome Rose Food Containing Systemic Insecticide used according to directions will give colorful roses, beautiful blooms and vigorous growth.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

WARNING: May be fatal if swallowed. May be absorbed through skin. Don't breathe dust. Avoid contact with skin, eyes or clothing. Do not contaminate feed or foodstuff. Keep out of reach of children. Wash thoroughly after use. Keep children and pets off treated areas. Avoid exposure as poisoning may result. Food utensils such as teaspoons and measuring cups should not be used for food purposes after use with this product.

Antidote: Atropine sulphate and/or 2-PAM.
