WHAT IS THIS PACKAGE FOR?

This package of ferti-lome NUTGRASS KILLER is for people who want to kill nutgrass in ornamental beds, around shrubs and trees, sidewalks, and in small spots in lawns.

2. HOW DO YOU USE IT?

This bottle is an easy to use applicator. Apply 2 to 3 drops of ferti-lome NUTGRASS KILLER to the nutgrass plant. In 2 or 3 days plants begin to turn yellow and die. Nutgrass plants periodically appear from nuts in the ground. Several applications during the growing season may be necessary to clean up an infested spot.

Do not apply to desirable vegetation.

Spot treatment may be made in lawn grasses if you are willing to tolerate the damage to these grasses.

3. HERE ARE THE RESULTS YOU MAY EXPECT:

ferti-lome NUTGRASS KILLER used according to directions gives you control of nutgrass without digging or pulling which sometimes causes nutgrass to multiply.
