Back Panel

1. What Is This Package For?

ferti-lome Chlordane spray is an effective spray concentrate for control of ants, grasshoppers, crickets, cutworms, lawn insects and termites.

2. How Do You Use It?

Unless stated otherwise on this label, use the following dilution.

- 1/2 teaspoon for 1 quart of spray
- 1 tablespoon for 1 gallon of spray
- 1 gallon makes 256 gallons of spray

ANTS: Spray diluted ferti-lome Chlordane 73% around foundations, door frames, and window sills of houses, porches, patios, and around garden containers. Spray infested ornamental plants and flowers and surrounding area. If any nests are locatable, generously spray trails and surrounding area. Saturate the nest openings.

GRASSHOPPERS, CRICKETS, EARWIGS: Thoroughly spray on and around ornamentals. DO NOT apply to feed or foodstuffs.

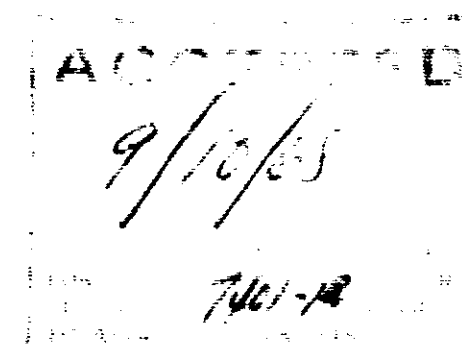

CUTWORMS, CABBAGE MAGGOTS: Spray diluted ferti-lome Chlordane around base of Cabbage, Eggplants, Cucumbers, Pepper and similar plants; work into top 4 inches of soil. Apply only as preplant soil application or at the time of planting or transplanting.

LAWN MOTHS (Sod Worms) WHITE GRUBS, CHINCH BUGS, JAPANESE BEETLE LARVAE AND CUTWORMS IN LAWNS: Water thoroughly, then spray with diluted solution at the rate of 1 gallon for 150 sq. ft. (10' x 15'). Do not water lawn for 2 to 4 days after treatment. Keep children and pets off the treated areas until the treated areas have been well watered and have dried completely.

3. Here Are the Results You May Expect:

ferti-lome Chlordane used according to directions is an effective and economical way to control insects thus allowing you to enjoy your ornamentals, flowers and shrubs without being bothered by pesky insects.

NON-WARRANTY: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

Back Panel Con't.

WARNING: This material, containing technical chlordane, is toxic and may be absorbed through the skin. Avoid inhaling mist from spray. In case of spillage on the skin, wash with soap and water. Avoid contamination to feed and foodstuffs. Do not use on household pets and humans. Harmful if swallowed.

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Apply this product only as specified on this label.

INTERNAL ANTIDOTE: Inetic of 1 tablespoon of mustard in a glass of water. Call a physician. Do not spray on plant life that is not well irrigated or when the air temperature exceeds 90° F.
