DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. WHAT IS THIS PACKAGE FOR?

This is a newer and more effective selection post-emergence weed killer developed to kill Crabgrass, Dallis Grass, Johnson Grass, Sandbur (Sandspur) Nutgrass, Chickweed, Bur Clover, Barnyard Grass, Water Grass, Goose Grass, Nutsedge, Ragweed, Foxtail and Puncture Vine.

2. HOW DO YOU USE IT?

Be sure soil is moist before treatments. During dry spells, water thoroughly before making applications. Normal rainfall following application will not adversely affect results. Resume keeping soil moist day after application, especially during hot dry weather.

LAWNS: Best results are obtained on young, actively growing weeds at temperatures above 70°F. Mix 4 teaspoons in 1 gallon of water and apply to 100 sq. ft. (or 1 pint in 30 gallons of water applied to 3000 sq. ft.). Spray thoroughly to wet all undesirable weeds. Use twice the above specified rate if temperature remains below 70°F. as in spring and fall. Two treatments are needed at 5 to 7 day intervals.

Do not apply with hose-end applicators.

To control new growth later in season, repeat as necessary. Lawn may be reseeded when crabgrass is dead. Do not over-spray in spots. New turf should not be treated until after the third mowing.

NOTE: Do not use on St. Augustine, Carpet, Centipede, Bahia or Dichondra grass lawns.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

Lawns free of Crabgrass, Dallis Grass and other listed weeds may be obtained with this effective and economical weed killer.

STORAGE AND DISPOSAL

STORAGE: Store in original container and place in a locked storage area.

DISPOSAL: Do not reuse container. Rinse thoroughly and securely wrap original container in several layers of newspaper and discard in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling and before eating or smoking. Avoid contamination of feed and foodstuffs. Keep children and pets off treated area until this material has been washed into the

[BACK/SIDE LABEL PANEL]

soil. Wear protective clothing when handling or applying this product, including long pants, long-sleeved shirt and impermeable gloves and boots.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

If on skin: Remove contaminated clothing and wash affected areas with soap and water.

If in eyes: Flush eyes with plenty of water. Call a physician immediately.

ENVIRONMENTAL HAZARDS

Do not apply directly into water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

NOTE: Do not spray or allow to drift onto desirable vegetation.

* Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
