1 WHAT IS THIS PACKAGE FOR?

This package of ferti-lome HOME & GARDEN INSECT SPRAY controls Ants, Roaches, Silverfish, Spiders, Mosquitoes, Flies, Gnats, Clothes Moths, and Carpet Beetles.

2. HOW DO YOU USE IT?

Shake well before using. Point nozzle in desired direction, press button to release spray, and spray directly on insects where possible. Keep finger tip out of spray.

GARDEN INSECTS:

For use against Japanese Beetles, Leaf Hoppers, Aphids, Exposed Thrips, and Adult White Flies. Holding can 1 1/2 feet from plants, spray with one-second bursts, using a sweeping motion. Direct spray on insects. Spray all sides covering plant foliage lightly. Do not wet plants. New growths and young plants should be handled with particular care. Avoid using in direct sunlight or during hottest daylight hours. Repeat when necessary. DO NOT spray cyclamen, lantana, or Maiden-Hair fern. Non-staining when used as directed. May be used on: Roses, Asters, Azaleas, Carnations, Evergreens, Snapdragons, Crassula, Petunias, Rhododendrons, Delphiniums, Chrysanthemums, ~~Deciduous Shrubs~~, Iris, African Violets, Marigolds, Grape Ivy, English Ivy, Camellias, Euonymas, Dahlias.

CRAWLING HOUSEHOLD INSECTS

To control Roaches, Waterbugs, Silverfish, Ants, Spiders:

When possible use spray directly on insects. Spray insects' hiding places under sinks, under stoves, in crevices, in cracks, around doorsills, pipes, window frames, storage areas, refuse areas, etc. For ants, spray ant trails.

FLYING HOUSEHOLD INSECTS

To control Mosquitoes, Flies & Gnats:

Close doors and windows of room and remove pets, birds, and fish. Then proceed to spray all parts of room with sweeping circular motions. Keep room closed 15 minutes after spraying.

Do not contaminate food, dishes and cooking utensils.

CLOTHES MOTHS, AND CARPET BEETLES

Woolens must be cleaned thoroughly before using this spray. Spray garment thoroughly from a distance of two feet. Do not overlook folds and seams when spraying. Unless garments are stored in a mothproof container, monthly applications are necessary. Interior surfaces of storage closets and trunks should be thoroughly sprayed.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

ferti-lome HOME & GARDEN INSECT SPRAY aids in control of certain creeping and crawling insects. You can control insects without messy mixing and painting on of insecticides.

CAUTION: Contents under pressure. Keep out of reach of children. Do not puncture. Exposure to high temperature may cause bursting. Keep at room temperature. Keep away from direct sunlight, radiators, stoves, hot water and other heat. Never throw container into fire or incinerator. Do not use near heat or open flame. Do not store above 120°F.

Remove pets, birds, and fish bowls before spraying rooms.

NON-WARRANTY: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

FLY and MOSQUITO SPRAY

DIRECTIONS: Remove protective cap. Hold can upright with valve pointed away from face.

For flies and mosquitoes and certain other flying insects spray upwards into four corners of closed room. Spray for about 15 to 20 seconds for average room. Keep windows and doors closed for about 15 minutes after spraying. For roaches, silverfish and certain other crawling insects spray liberally into cracks of woodwork, walls, floors, and hiding or breeding places. Repeat as needed. Whenever possible spray directly on insects for faster kill. Do not remain in treated area and ventilate the area after treatment is completed. Cover food dishes and cooking utensils before spraying.

CAUTION: KEEP OUT OF REACH OF CHILDREN.

Contains Concentrated insecticide under pressure. Do not use around flame or stove or expose to temperatures above 130 degrees. Do not puncture or incinerate cans.

Active Ingredients: 20.0%

Pyrethrins 0.30%
* Technical Piperonyl Butoxide 0.60%
N-octyl bicycloheptene
dicarboximide 1.00%
Petroleum distillate 18.10%

Inert Ingredients 80.00%

*Equivalent to 0.48% (Butylcarbityl) (6-Propylpiperonyl) Ether and 0.12% of related compounds.
