BACK PANEL

1. WHAT IS THIS PACKAGE FOR?

This fast acting, long-lasting insecticide-miticicide-scalicide kills insects that invade your nut trees.

2. HOW DO YOU USE IT?

Mix required dosage in water. Spray in a manner to thoroughly cover upper and lower leaf surfaces and trees. Apply when insects first appear. Repeat application as necessary to maintain control

PECANS: For control of Aphids, Mites, Pecan Nut Case Bearer, Walnut Caterpillar mix 1 - 4 tablespoons in 1 gallon of water (for larger applications mix 2 1/3 - 3 quarts in 70 gallons of water). Do not apply after husks crack.

WALNUTS: For control of Aphids and Mites, mix 2 tablespoons in 1 gallon of water (for larger applications mix 1 1/2 quarts in 48 gallons of water). For control of Coddling Moth, Scale Crawlers and Walnut Caterpillars, mix 4 tablespoons in 1 gallon of water, ( for larger applications mix 3 quarts in 48 gallons of water.) Do not apply after husks open.

ALMONDS: For control of Mites and Twig Borers mix 1 tablespoon in 1 gallon of water, for larger applications mix 1 1/2 quarts in 96 gallons of water).

FILBERTS: For control of Filbert Leaf Rollers and Aphids mix 1 tablespoon in 1 gallon of water (for larger applications mix 1 quart in 75 gallons of water.)

3. HERE ARE THE RESULTS YOU MAY EXPECT:

This product will economically and effectively control listed insects in your nut trees.

WARNING: May be fatal if swallowed or absorbed through the skin. Do not breathe spray mist. Avoid contact with skin, eyes, and clothing. Wash thoroughly after handling. Avoid contamination of feed and foodstuffs. Do not use on household pets or humans. Do not permit children or pets to go onto sprayed grass or come in contact with foliage until spray has completely dried.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Food utensils such as tablespoons or measuring cups should not be used for food purposes after use with pesticides.

This product is toxic to fish and wildlife. Birds feeding on treated area may be killed. Keep out of any body of water. Do not contaminate water by cleaning of equipment, or disposal of waste.

This product is highly toxic to bees exposed to direct treatment of residues on crops. Protective information may be obtained from your Cooperative Agriculture Extension Service.

Do not re-use container for any purpose. Destroy empty container.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
