Voluntary Purchasing Groups, Inc. P.O. Box 460 Bonham, TX 75418

Attention: Matthew Vickers

Gentlemen:

Subject: Ferti-lome Rose Spray

RPA Registration No. 7401-62

Your Letter Dated February 27, 1985

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted at the next printing.

- 1. Delete "new" on the front panel. Since this product has been registered since 1971 it can no longer be considered a "new" dual purpose spray.
- 2. On the front panel, delete "and certain other fungi" or indicate those intended. Wo other fungi are listed on the label.
- 3. Change "Caution" to "Danger."

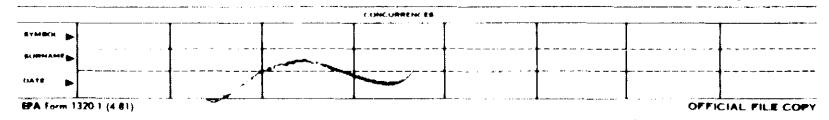

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Henry M. Jacoby Product Manager (21) Fungicide-Herbicide Branch Registration Division (TS-767)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. WHAT IS THIS PRODUCT FOR?

This product, developed with the rosarian in mind, makes rose insect and disease control easier. It contains an insecticide and fungicide that will fill your rose care needs.

2. HOW DO YOU USE IT?

Mix 5 tablespoons in 1 gallon of water. Spray plants on both sides of foliage to the drip point. Penetrate dense foliage. Repeat as necessary. Make new spray for each use. Follow directions as listed below.

ROSES: To kill Rose and Apple Aphids, Rose Slugs, Leaf Rollers, Plant Bugs, Japanese and June Beetles, Tent and Puss Caterpillars, Scale Insects (crawlers), Orange tortrix and to control Black spot, Blossom blight and to suppress Powdery Mildew, apply as pests or diseases appear. Repeat application at 7 - 14 day intervals throughout growing season. Use 7 days intervals during wet weather or severe disease conditions.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

When used as recommended, this product will kill aphids, rose slugs, thrips, tent caterpillars, Japanese beetles and certain other listed insects, control black spot and blossom blight and suppress powdery mildew on roses.

STORAGE: Store in original container and place in a locked storage area.

CONTAINER DISPOSAL: Do not reuse container. Wrap and put in trash.

PESTICIDE DESPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, pesticide spray or rinsate is a violation of Federal Law. If these wastes cannot be isposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

NOTE TO USER: This product may produce temporary allergic side effects characterized by redness of the eyes, mild bronchial irritation and redness or rash on exposed skin areas. Persons having allergic reaction should contact, a physician. Wear long sleeve shirt, long pants, and gloves while mixing, loading and applying this product.'

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS
