DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. WHAT IS THIS PACKAGE FOR?

We recommend this highly effective new fungicidal - formula, because it will make your lawn and garden disease control program easier.

2. HOW DO YOU USE IT?

SHAKE WELL BEFORE USE:

ROSES - For control of Black Spot, Blossom Blight, mix 6 tablespoons in 1 gallon of water.

CHRYSANTHEMUMS - For the control of Ascochyta Ray Blight and Gray Mold:

GERANIUMS - For the control of Botrytis Blight (Leaf Spot):

IRIS - For the control of Botrytis Blight (Blossom Blight) and Iris Leaf Spot:

ZINNIA - For the control of Powdery Mildew:

Mix 9 tablespoons in 1 gallon of water.

Spray plants on both sides of foliage to the drip point. Penetrate dense foliage. Apply at first sign of disease and repeat at 7 - 14 day intervals throughout the growing season. Make application on a 7 day schedule during periods of wet weather or severe disease conditions.

LAWNS - For the control of Brown Patch, Dollar Spot, Leaf Spot (Blight Going-out, Fading-out, and Melting-out), Gray Leaf Spot, Stem Rust on Bluegrass and Copper Spot mix 1 pint in 5 - 15 gallons of water and apply to 500 sq.ft. of lawn. The amount of water should be sufficient to provide complete coverage. DO NOT mow or water grass after treatment until the grass is thoroughly dry and preferable not for 24 hours after treatment. Start spray application in spring before diseases appear and repeat at 7 - 14 day intervals throughout the season. Make application on a 7 day schedule during periods of wet weather or severe disease conditions. Do not graze treated areas Do not feed clippings to livestock.

VEGETABLES AND MELONS - Unless otherwise specified mix 3 tablespoons in 5 - 15 gallons of water and apply to 500 sq.ft. of garden area. Repeat at 7 - 10 day intervals or as necessary to maintain control. Carefully follow application schedule under individual crops.

BROCCOLI, BRUSSELS SPROUTS, CABBAGE, CAULIFLOWER - For Alternaria Leaf Spot (S.E. States Only) and Downy Mildew. Apply after transplant, emergence of seeded crop or when conditions favor disease development.

CARROTS - For Early and Late Blight. Begin when disease threatens.

POTATOES - For Botrytis Vine Rot, Early and Late Blight. Begin when plants are 6 inches high or disease threatens.

PUMPKIN, SQUASH (Summer and Winter) WATERMELON - For Anthracnose and Downy Mildew. Use 6 tablespoons per 5 - 15 gallons of water per 500 sq.ft. for Cercospora Leaf Spot, Gum Stem Blight, Leaf Blight and Scab. Begin treatment in the first leaf stage.

TOMATOES - For Anthracnose, Early and Late Blight, Gray Leaf Spot, Gray Leaf Mold. Use 4 tablespoons in 5 - 15 gallons of water per 500 sq.ft. Begin when disease threatens.

MELONS (cantaloupe, Honeydew, Muskmelon) - For Anthracnose, Downy Mildew. Use 6 tablespoons in 5 - 15 gallons of water per 500 sq.ft. for Powdery Mildew (except for S.W. States), Cercospora Leaf Spot, Gummy Stem Blight, Leaf Blight, Scab. Begin when plants are in first true leaf stage or conditions favor disease development.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

ferti-lome Broad Spectrum Liquid Fungicide will control listed fungi on roses, ornamentals, turf and lawn grasses, vegetables and melons thus permitting normal, vigorous growth for your enjoyment.

BEST AVAILABLE COPY

STORAGE: Store in original container and place in a locked storage area.

CONTAINER DISPOSAL: Do not reuse container. Wrap and put in trash.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, pesticide spray or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

NOTE TO USER: This product may produce temporary allergic side effects characterized by redness of the eyes, mild bronchial irritation and redness or rash on exposed skin areas. Persons having allergic reaction should contact a physician. Wear long sleeve shirt, long pants, and gloves while mixing, loading and applying this product.
