1. WHAT IS THIS PACKAGE FOR?

This new and improved formulation gives you an effective and economical way to kill snails, slugs, sowbugs, earwigs and ants in your flower beds, shrub beds, around building foundations patio stones and sidewalks.

2. HOW DO YOU USE IT?

Punch out holes in top of can and sprinkle bait lightly on ground in areas to be treated. Apply in late evening as these bugs are mostly late evening and night feeders. Apply around but not against the stems of desirable plants. Place bait where these pests stay during daylight hours.

Bait areas thoroughly at the beginning of the spring planting season. Repeat at 7-10 day intervals or as necessary to maintain control. For best results areas to be treated should be damp. In dry weather water well before baiting.

Snails and slugs migrate extensively. When invasions from adjacent areas are anticipated, a barrier of the bait will aid in control.

3. HERE ARE THE RESULTS YOU MAY EXPECT.

ferti-lome (R) BUG BAIT, Used according to directions, protects your plants from damage by the listed bugs. By controlling these unsightly bugs you remove their messy appearance and the unsightly slime trails of snails and slugs.

**WARNING:** KEEP OUT OF REACH OF CHILDREN AND DOMESTIC ANIMALS. MAY BE FATAL IF SWALLOWED, ABSORBED THROUGH THE SKIN OR INHALED. Avoid contact with skin, eyes and clothing. Wear regular long-sleeved work clothing. Change to clean clothing daily. Wash hands and face before eating. Wash thoroughly after handling.

Do not store near or contaminate feed or foodstuffs. Keep children and pets off treated areas. This pesticide may be fatal to dogs or other pets if eaten. Keep pets out of treated area.

**STORAGE:** Store in original container and place in a locked storage area.

**DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash. Securely wrap original container in several layers of newspaper and discard in trash.

**ENVIRONMENTAL CAUTION.** This product is toxic to birds and wildlife. Birds feeding on treated areas may be killed. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
