

1. WHAT IS THIS PACKAGE FOR?

This new product was especially formulated to make it easy to kill most vegetation in areas where weeds and grasses are undesirable, also for killing weeds and grasses around trash cans, fence posts, along driveways, walks and patios.

2. HOW DO USE USE IT?

Remove cap. Place free sprayer that comes with the package on bottle. Spray undesirable vegetation as listed below. To store, remove sprayer and replace cap.

To kill weeds and grasses in driveways, in sidewalk cracks, around patio stones, along fence lines, lawn edges, around fence posts, around foundations, garbage cans and similar places where undesirable weeds and grasses are growing, spray plants until they are saturated.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

This new product, used according to directions, kills most vegetation. Since you don't have to do messy measuring and mixing, this product is easy to use. You will find it an easy, economical and satisfactory weed and undesirable wild grass killer.

PRECAUTION: This product is a non-selective weed killer and is toxic to most vegetation. Apply only to area where plants

are to be killed or to area to be rendered totally or partially unproductive. Avoid contact with lawns, ornamentals and other desirable plants. Do not apply over underlying roots of any desirable vegetation such as trees, shrubs and vines. Do not treat areas where run-off may injure desirable vegetation.

CAUTION: Harmful if taken internally. May cause irritation of eyes, nose, throat and skin. Avoid breathing spray mist. Avoid contact with skin, eyes and clothing. Avoid contamination of feed and foodstuffs. Keep out of reach of children and pets. Keep children and domestic animals off areas treated until areas are watered and completely dry.

Do not re-use container for any purpose. Destroy empty container.

Do not contaminate irrigation water, water used by fish and wildlife or water used for domestic purposes.

NON-WARRANTY: Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accord with directions given herewith.
