

### 1. WHAT IS THIS PACKAGE FOR?

This package of ferti-lome CRICKET SPRAY, altho designed to make it easy to kill bothersome crickets, will prove useful in killing other listed insects as well.

### 2. HOW DO YOU USE IT?

Mix 2 tablespoons in 1 gallon of water. Apply spray following individual use directions below:

**ROSES, ORNAMENTALS; SHRUBS, FLOWERS AND SHADE TREES:** To kill Crickets, Mole Crickets, Oak Tree Crickets, Bagworms, Leaf Miners (including Birch), Beetles (including Japanese, Elm Leaf and Flea), Thrips, Lace Bugs, Grasshoppers and Earwigs, apply spray to entire plant and surrounding areas when insects are first observed. Repeat in 10-14 days if necessary to maintain control.

**LAWNS:** To kill White grubs, Sod webworms (Lawn moths), Chinch bugs, Ants (including Fire, Harvester and Leaf Cutting), Chiggers, Ticks, Mosquitoes (adult), Green, June, White-fringed and Asiatic garden beetle larva, Box-elder bugs, Earwigs, Wireworms and European Chafer larva, apply 1 gallon of dilute spray in 150 sq. ft. Water into lawn thoroughly. Note: Keep children and pets off treated lawns until insecticide has been washed off the grass and into the soil and the grass is completely dry.

### 3. HERE ARE THE RESULTS YOU CAN EXPECT!

ferti-lome CRICKET SPRAY used according to directions is an effective and economical way to kill crickets and other insect pests in your lawn and garden.

**CAUTIONS:** Harmful if swallowed, inhaled or absorbed through the skin. Do not breathe spray mist. Skin contact may be harmful. Avoid contact with skin. Wash face and hands before eating or smoking. Take shower or bath after handling. Change to clean clothing daily.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Avoid contamination of feed and foodstuffs.

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

Do not reuse container for **any** purpose. Destroy empty container.

**ANTIDOTE:** External - In case of skin contact, wash promptly with soap and water.  
Internal - Emetic of 1 tablespoon mustard in tumbler of water. Call a physician immediately.

Food utensils such as a teaspoon or measuring cup should not be used for food purposes after use with insecticides.

**NON-WARRANTY:** Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
