

Under the Federal Insecticide, Fungicide, and Rodenticide Act, registered under EPA Reg. No. 7401-158
 MAY 06 1976
 ACCEPTED

1. WHAT IS THIS PACKAGE FOR?

This package of ferti-lome ROSE DUST is especially formulated for the rosarian to kill insects and control diseases on roses.

INSECTS KILLED: Aphids, Rose Leafhoppers, Rose Chafers, Rose Slugs, Rose Weevils, Spider Mites, Red Spider, Thrips (exposed), Bagworms, Grasshoppers, Boxwood Leafminers, Crickets; May, Leaf and Japanese Beetles; Climbing Cutworms, Leaf Rollers, Lace Bugs; Azalea, Scruffy, Euonymus and Soft Scale (crawlers).

DISEASES CONTROLLED: Black Spot, Powdery Mildew, Leaf Spot and Rust.

2. HOW DO YOU USE IT?

Gently shake squeeze duster to unpack contents that may have settled during shipment. Remove protective cap by cut-flap. For best results hold at 45° angle from ground. Hold squeeze duster 12-18 inches from surfaces to be dusted. Squeeze duster and apply dust in such a manner that a uniform, hardy visible coating results on both sides of foliage, stems and all above ground plant parts. Start application before insects and/or disease appear. Repeat at 7-10 day intervals throughout growing season. Replace protective cap.

NOTE: For best results, apply in early morning or late evening when the temperature is low and the air is still. Do not treat during periods of excessively high temperature (about 90° F.). Sulfur may burn foliage when temperatures are excessively high.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

ferti-lome ROSE DUST provides you with an effective, economical means of killing listed insects and controlling listed diseases so that your rose bushes produce not only more blooms, but larger and more colorful blooms.

CAUTION: Keep out of reach of children. May be fatal if swallowed, inhaled or absorbed through the skin. Avoid contact with skin, eyes and clothing. Do not breathe dust. Wash thoroughly after using.

TO PHYSICIAN: Carbaryl is a moderate, reversible cholinesterase inhibitor. Atropine is antidotal.

This product is toxic to fish. Keep out of any body of water. Do not apply when weather conditions favor drift from area treated. Apply only as specified on this label.

Do not reuse container for any purpose. Destroy empty container.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given here-with.
