**IMPROVED ROSE DUST**

**1. WHAT IS THIS PACKAGE FOR?**  
 This product, formulated with the rosarian in mind, kills insects and controls diseases on all varieties of roses.

**INSECT KILLED:** Rose Aphids, European Red, Two-Spotted Spider, Cyclamen and Privet Mites, Flea Beetles, Rose Leafhoppers, Rose Thrips, Whiteflies, Boxwood and Dipterous Leaf Miners, Lace Bugs

**DISEASES CONTROLLED:** Black Spot, Powdery Mildew, Leaf Spot and Rust.

**2. HOW DO YOU USE IT?**  
 Gently shake squeeze duster to unpack contents that may have settled during shipment. Remove protective cap by cutting flap. For best results hold at 45° angle from ground. Hold squeeze duster 12-18 inches from surfaces to be dusted. Squeeze duster and apply dust in such a manner that a uniform, hardly visible coating results on both sides of foliage, stems and all above ground plant parts. Start application before insects and / or diseases appear. Repeat at 7-10 day intervals throughout growing season. Replace protective cap.

**NOTE:** For best results, apply in early morning or late evening when the temperature is low and the air is still. Do not treat during periods of excessively high temperature (about 90° F). Sulfur may burn foliage when temperatures are excessively high.

**3. HERE ARE THE RESULTS YOU MAY EXPECT!**  
 ferti-lome ROSE DUST provides you with an effective, economical means of killing listed insects and controlling listed diseases so that your rose bushes produce not only more blooms, but larger and more colorful blooms.

**CAUTION:**  
**KEEP OUT OF REACH OF CHILDREN**

Harmful if swallowed. May be absorbed through the skin. Avoid contamination of food and feed. Avoid inhalation of dust. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling.

This product is toxic to fish and wildlife. Keep out of lakes, streams and ponds. Apply this product only as specified on this label.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Do not reuse container for any purpose. Destroy empty container.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
